To

The Chief Secretary to Government.

Sir

I have had the honor to receive a letter from the Acting Sub Collector in Charge Mr. P. A. Dalgell under date the 10th December 1859 communicating the resolution of the Government conveyed in their Proceedings dated 3rd Idem, that I should apply for superannuation pension, because of my service having extended over a period of thirty nine years.

Though I am still physically fit for the active service for some time longer, having commenced my service early in life, yet unwilling to deviate from the rule, I have long made to pay an implicit obedience to the orders of the higher authorities whatever they may be, I most respectfully beg at once to submit my application for pension, with a sanguine hope that the Government with its wonted generosity, will appreciate the long and faithful services rendered by their old servant for a continuous period of 40 years and reward them properly by making suitable provision for him & his large family in his old age.

I first entered the Government service on the 11th February 1820

and served them in different capacities for an uninterrupted term of 40 years - as shown in the Margin.

During this period I beg to observe my service was not confined under two or three collectors but I had had different gentlemen of different dispositions to deal with; whose names are marginally shown, all of them. self) were satisfied with the diligence, zeal and integrity with which I discharged the duties entrusted to me and the advantages accruing therefrom both to the Government and the Ryots, and recorded their high opinion of me in their Annual Settlement reports & so forth.

A few of the instances which elicited the approbation of my immediate superiors, I beg to take this opportunity to bring to the Government's favorable consideration, in doing which I beg to submit at

the same time that I should not be understood to flatter myself, but to lay the mere facts before them.

The Government is aware that in April or May 1832 the weavers of the Kaska Salem withheld payment of the tax imposed on their looms, entered into a conspiracy, & threatened commencing a revolt, when I was selected by the Com^r the then Collector of the District to be intrusted with the important task of preventing it, and convincing them of the justice of the Government demand on them.

As the self representation of one's own actions would hardly carry any weight with it, I would say nothing of what dangers had I to avoid, what difficulties to encounter, & what endeavors and contrivances to use on the occasion in appeasing the impending vehement tumult, in bringing them to reason and in short in securing that branch of revenue to Government, for all of which, I will content myself by referring the Government to the Proceedings held in the case, which ^{now} in the record of the Salem Collectorate and the accompanying Packeet and a letter granted by M^r Popham the then Sp^l Magistrate.

20th April 1832
16th April D^c

A reference to the Diaries of the Engineering Department, accompanying the recommendation made by M^r Fane regarding myself in June last, will show the Government how far the erect

of the large bridge across the Cavery River
at Somapattinam in Tanjore, Droy Talook,
owed to the industrious exertions I made and
the pains I took, which will also be borne
testimony to by the enclosed copy of the order
passed by the Collector on the subject.

The then Sub-Collector Mr. H. K. Mally,
also knows the circumstances well, and the
translation of an order issued to me by
Mr. Lockart accompanies this.

I beg also to enclose transla-
tion of an order passed by Mr. Orr certi-
fying to the active part I always took
in the Maramut of the District, with the
Extracts from the Settlement & other
reports which show the manner in which
I conducted the arduous duties of the res-
ponsible office of Settlement & Treasurer.
also granted by Mr. H. A. Brett on 3rd
January 1846 and by Mr. Hathaway
are already on the Government's records,
having been submitted by Mr. Fane
with his letter regarding myself and
I beg to submit herewith the copies of
those papers.

I believe that the Government
have promised in writing to promote me
for the following reasons, viz. when
Mr. Fane recommended me to the fa-
vorable notice of the Government and
requested them to transfer me to the
2nd Class Deputy Collector then vacant
at Salem, the Board & the Government
were not then unaware of the period of
my service. The Government in reply

to the above recommendation ordered that
the Collector's request to retain me there
cannot be complied with, but my claims
for promotion will be taken into consider-
ation. I presume that the purport of
the above to be that I should go to Cuddalore
and that promotion to a higher
salary is in the contemplation of the
Government, I, having been forced to
apply for pension, beg that my case of
promotion of salary in effective service
should be extended to a promotion of
pension.

From the above testimonials &
circumstances the Government will
not fail to observe with what zeal, hon-
estly, & industry I devoted my services
during the whole three fourth part
of my life or nearly half a century to
the promotion of the Government interest
and it was only the object I had always
had in view, in my conduct with full
dependence upon the Government for
a provision adequate to my rank in life
and maintenance of my family in my
advanced age.

I beg to state that either I or any
of those hanging upon me for protection
have any landed property & are only
depending for maintenance on the sala-
ries favored by the Government. I
am a man of large family and had not
been in the receipt of salary that will
enable me to accumulate wealth and
at a period when the Government favored

me with a proper salary my misfortune stood as a stumbling block and I was forced to apply for pension.

The government is aware that had not the above order of government precipitated my retirement I would of course have been entitled to a more ample pension from the Government.

Mr Brett has long been promising to obtain me the full pension when I would like to retire and accordingly was so good as to introduce me in the presence of the late Right Honorable Governor Lord Harris at Tripattor on his way to Melghiris and recommended in my behalf, but Mr Brett is unfortunately not now in India.

In conclusion I beg most respectfully that the Government will, in consideration of the length of my faithful services & the largeness of the family and the propriety of securing a competency to an old servant in his old age, be pleased to get me at least a pension equal to the average amount of salary drawn by me in the last 5 years as shown in the margin.

This request, the Government will see how humble & moderate, is when compared with the handsome boon for three lives, the fortunate former Sheristadars of my rank met with at the liberal hands of the Government.

The calculation of my service as H^d Sheristadar made in the following manner will show it to amount to seventeen years, a period which would have entitled me according to the old rules to the increase of salary to Rs 525 a month, I further request that the Government will be pleased to consider these circumstances to in granting my above request for full pension.
