he did not, in the 1st instance,
send up medical certificates
with these men applications
for Revision being of opinion
that, through length of service,
they were, under the Resolution
of the Government of India No. 2043
dated the 3rd November 1864
exempted from the necessity
of producing medical certifi-
cates of incapacity for fur-
ther service. —

The Government resolve to
inform the Collector that
the Resolution of the Government
of India referred to by him
does not do away with the

3
necessity of furnishing medical
certificates. It only vests
local Governments with dis-
cretionary power to grant
Revisions to persons thrown
out of employ by reduction
of Establishments, who con-
sider 30 or more years of
service, but who cannot
produce certificates of in-
firmity for further duty.

3 The Collector will in future
observe this Rule, and for-
ward medical certificates
along with all applications
for Revision in which
the parties were concerned.
