I consider it only justice to express
to you my opinion of your Character & Qualifications
which

which I was enabled to form, in the course of the two months, during which I had charge of the Pay Office. You have I think more knowledge of Accounts than any Native I have met, and indeed nothing can exceed the correctness of your calculations; in the knowledge of the English language you evince a natural capacity improved by a good education, & both speak and write in a style superior to most of your Country men; your conduct has always been respectful and steady, and I consider you to be a valuable acquisition to the important Department in which you are placed. Trust that your merits may always be duly appreciated, as your utility will be more or less extensive in proportion to the duties confided to your charge - With best wishes for your advancement & prosperity -

I remain always
