CIVIL PAYMASTER'S OFFICE,

General Department.

FORT SAINT GEORGE 11th April 1862.

No. 194.

REPORT OF THE CIVIL PAYMASTER
on Government Order of the 31st March 1862.

The Civil Paymaster has the honor to report that the authorized official allowance drawn by
V. Ramiah late English Accountant on
the Establishment of the Collector of Salew has averaged for the last 5 years
of his service, Rs. 32-1-4 per mensem, and that his service, qualifying for pension, extends
over a continuous period of 18 years 3 months and 15 days; viz.
From 1st June 1833 to 15th November 1846
" 1st January 1857 to 31st October 1861.
This service prior to June '33, and between November 1846
and January 1857 is not included in the above calculation, as he was
then employed in grade the salary of which does not qualify for pension,
and in an establishment (Marambat) service in which cannot
be verified from the records of the audit office. but assuming the
period (years 10-1-15) given by Mr. D. to be correct, and
Ramiah's service in all will amount to years 28-5-11.

He is eligible to a pension equal to one third of his average salary

By order
Civil Paymaster.

THE CHIEF SECRETARY TO GOVERNMENT.
Civil Pension Department.

Service (continuous Service) amounts to 31 years and 5 months. He has not served in any other District.

4 The applicant's character and conduct have been considered good. I therefore think him entitled to the favorable consideration of Government, and to beg to recommend that he be allowed a pension of Rupees 17-14-0, being one half of the average salary which the applicant received during the five years preceding the date of his application. I also request that the pension may be made payable thro' the Treasury of this Collectorate from the 1st of November 1861, the date on which the applicant was relieved from his duties.

5 The accompanying list of service is supported by the records of this office. This application has been delayed owing to some difficulty in finding the records connected with Pamiab's first appointment to the public service.

6 If the Civil Auditor should decline to reckon Pamiab's service for 3 years as writer on the receipt of 10 Rupees, I beg to explain, with reference to this point, that Pamiab drew the sum of Rupees 10 from Rupees 35 sanctioned for an assistant accountant, and that the remaining sum, viz. Rs. 25, was divided among 3 other incumbents. The salary allowed for the appointment being divided among so many persons, none of whom have as yet derived any benefit from the fixed salary in respect to service reckoned for pension, I beg the Government will, in consideration of Pamiab's General Good Conduct, allow the first 3 years of his service to count towards his pension. The practice of dividing the salary fixed for any one appointment amongst 3 or 4 incumbents was usually followed I believe at the time Pamiab entered the Government service, but, as the Government are aware, has long since
