The humble Petition of J. Baupain
 a Person employed in the Lithographic
 Department attached to the Chief Engineer's
 Office

Humbly Sheweth

That your Petitioner entered the public
 service in the Lithographic Department in the year 1828
 as a Person and during these 34 years he rendered his services
 to the following Gentlemen, Viz. Col. W. Ganard, Major
 Genl. Mordaunt, Col. D. Fin, Col. Lowe and several
 others during their travels, also both by land and sea, on
 survey duties to Trichinopoly, Bangalore, Pambour &c.
 and consequently he underwent great difficulties and dangers.
 Thus having rendered entire satisfaction to these Gentlemen
 who held the Office of Chief Engineer respectively they were
 highly pleased to favor him with this Testimonials of
 character, copies are herewith enclosed for information.

Old age coming upon naturally enfeebled him
 and most of all rendered his eyesight fail. This is attributable
 to the hard work he had to undergo to suit the convenience
 of these gentlemen, and he cannot any longer serve in the
 world and that he could not he is sure live long. To take his
 discharge from his Office with empty hands would put
 him into serious troubles for maintenance after serving the
 Government so long a period as 34 years as above stated, and
 under these circumstances your honor will be pleased to submit
 this

This humble Petition to Government for the grant to
me of a gratuity of 12 months pay

Your Petitioner feels himself encouraged
that Government will in manifestation of their benevolent
acts towards their deserving and true servants and rendering
them old age comfortable and happy by allowing pension
according to circumstances so as to make them live and
die in grateful remembrance of them, kindly accede to
the recommendation in his behalf for the gratuity solicited,
and your humble Petitioner as in duty bound will ever pray

I remain
Sir

Your Most Obedient
