This is to certify that I have
examined Salvador Delaunay, Asst
Custom Superintendent of Byndra
and find that he shows the usual
marks of age such as dimness of
vision, trembling of the hand, giddiness
and general debility. About 3 years
ago, he suffered from paralysis of
one arm but he has since recovered
from this.

Consider him unfit for any
further service.

There is no reason to think
that this infirmity has been caused
by intemperance or other irregular
living.
