Tanqueray Circular

District Engineer's Office.
Tanqueray, 15th July 1862.

From

District Engineer

To

The Deputy Chief Engineer

D.P.W.

Public

Sir,

With reference to Extract from
your Proceedings N^o 1112, dated 28th May
last, I have the honor to return the
Petition received therewith, and to inform
you that altho' the Petitioner, Massin, has
no Certificate to show that he has been
a Sascar in the Department for a pe-
riod of 40 years, yet as he is known to
have been so employed for very many
years, by the Officers of the Department,
there is, therefore, every reason to believe
that his statement is substantially
Correct.

2

Since 1859, the Sascar having
suffered much from sickness and from a
swelling in the knee, which prevented
his attending to his duties on several
occasions, till at length it was found
necessary to advise him to resign his
appointment in favor of his Son who
was accordingly appointed as Sascar
in the 1st Range Office on a Salary

of 6 Rupees per Mensem.

3 As the Petitioner's Son has been appointed to a situation of nearly equal value to that held by the Father, I do not think that he is entitled to a large gratuity, but in consideration of his long and faithful service, I would recommend that a gratuity of six months pay may be given him to enable him to set himself up in some trade or work of a light nature.

I do hereby certify that I have examined Trassin, Captain in the D.S.W., and I consider him to be permanently physically disqualified for further service owing to old age and infirmity, not occasioned by intemperance or other irregular habits.
