I hereby certify that after carefully examining Mr. J. D. Gordon I am of opinion that he is in such a state of health, as to render him unfit for the performance of his very responsible duties. I found this opinion in the first place on the fact that his vision is very much impaired the vessels of the conjunctiva are in a chronic state of enlargement there is partial opacity of the cornea in both eyes and a cataract in the left - which is beginning to interfere with vision. Continued application to any business requiring much reading and writing is under these circumstances, attended with much inconvenience causing, pain congestion and greatly increased dimness of vision. He has been repeatedly under treatment for affections of his eyes both in the Hospital and at Madras - he attributes the injury to the sight to continued hard work in the Northern Circars.

Thirdly - He states that his memory has of late also been gradually failing, as he informs me has been noticed by the late Collector Mr. Cunliffe. His age being 55, coupled with the fact of long continued exposure during 7 years while travelling in the Northern Circars - I am not surprised at this impairment of memory. I have therefore thought myself
