Order thereon H. 1st November 1863 No. 341.

The Prud. Insp. Genl. Madras.

is requested to state more fully the special grounds on which he would recommend the grant of pensions to the two Vaccinators named in the letter of the Insp. of Vaccination.

2. Vaccinators are not eligible for pensions under the existing Rules & unless there are special reasons for making an exception in their case, Mr. de la's present recommendation is opposed to the opinion expressed by him in his report on the Vaccination Department 15th April 1863, and concurred in by the Govt. to the effect that the present staff of vaccinators were generally undeserving of pension. & any such a reference should have been made to the Govt. before the present recommendation was made.

Pension Rules

Recommendation: if old age &
long service are sufficient grounds
for making special grants of pension,
the exclusion of Vaccinators from
the benefit of the Pension Rules
will be merely nominal.
