I have every reason to be satisfied with Chinnaiga. While I have held charge of the District, he has proved himself a most useful and trustworthy public servant, and a very good Draughtsman. His health is however far from good, and he wishes to take his pension, to which he is entitled.

Chinnaiga's duty has been performed by his son for months past. Chinnaiga is a most deserving, well behaved and good Draughtsman.

REPORT OF THE CIVIL PAYMASTER.

Service of Applicant as verified by Civil Paymaster.	Average of Salary for the last 5 years.	REMARKS.
23-3-5 23-3-5	Rs. 20 Rs. 20	The service of D. Chinmaya late Draughtsman on the Establishment of the District Engineer's Office Vizagapatnam, can be verified from the Records of the Civil Paymaster, the Controller of Military Funds, and the Controller and Auditor of Public Works Accounts, from 27th October 1838 to 30th April 1857 and from 1st May 1858 to 31st January 1863 - His Service from 1st May 1857 to 30th April 1858 cannot be verified, as the records do not afford sufficient information; but assuming this period as given by Captain Chambers (vide his Memorandum of the 28th Ultimo N. 124) to be correct, his Service in all amounts to 24 years, 3 months and 5 days. He is eligible to a Pension equal to one third of his salary. The Medical Certificate simply certifies to Chinmaya's unfitness for further service, but does not say whether such unfitness was occasioned by imprudence, or irregular habits as required by orders of Government noted in the margin - Captain Chambers however observes in the 22nd Column of the Register of Application for Pension that Chinmaya while employed at Royavulva on the Jaypore Road in 1862 with the District Engineer's Office, was attacked with the Fever of that Country, and has not recovered from its effects, which incapacitates him from further service.
