To His Excellency the Governor General
Fort William

The Humble Petition of Mr. James Cairnes
Petitioner of the old Police Bill, submitted in
the Bristol District.

My Lord,

With infinite submission and due respects, I
beg leave to take the liberty of laying my poor and
distressed case before your Honorable Government, firmly
trusting that your Honorable Government will on a personal
view of the following lines kindly perceive that I am subjected
to a great injustice which no one had met with since the
British Government has oppressed the administration
of the Country and granted me Justice. In 1809, Mr. James
Cairnes entertained me as a servant in the Pay-
Department. I have been gradually promoted and hold
my present post on 35 Rs. Salary. Since the last 15 years
with great diligence with no hope that my interest in
the Public Service may be advanced. Understanding that
your Honorable Government will establish the new
Police System, provide many people with Civil Post
in that Department and grant provision to those
servants.

and my present state as well as the fact of my possessing
no means of supporting myself and my large family and
better on me as fast. Reason which is equitable and just.
It has been usual with your Honorable Government
to protect the families of the deceased who served them for
along time by providing them with the means of subsistence.
That they may not be reduced to distress. Moreover I was
the Dindar of the entire Police Subdivision of the District.
District and my duties amount solely those of Police Officer
since I have held this situation, orders were issued to be issued
to me regarding the affairs. I used to write orders and
submit accounts to you twice monthly and annually. I have
as a record of the same and as a record to work and
more consequently my duties are also partly those of a military
I have been also allowed a subsistence allowance for my
establishment and therefore most respectfully pray your
Honorable Government will be graciously pleased to permit this
sum to be memorial. The enclosures ^{in the} that my duties are also partly
of a military and finally grant me a full pension as a
reward of my services and as I have displayed much activity
and courage in the field and under the dangers which
I incurred in the District at that time before. I usually beg to
submit a series of an Enlistment to be passed by the Madras
Government as my duty and respectfully request the orders of
your Honorable Government in my favor without any further delay
For which act of charity I am in debt to you. I am
