To
C. W. Reade Esqre
Collector of South Arcot

Most Respected Sir,

With due deference and submission I beg to lay the following few lines before you confidently trusting that they will procure me that favor which I seek at your hands.

I beg to state that I first entered the service of Government on the 16th June 1819 as Post Office Writer at Porto Novo and continued in that capacity there and at Pondicherry on Salaries of 17½ & 35 Rups. a month respectively for 15 years and 7 months when Messrs. J and D Pugh of Messrs. Parry & Co. who established Factories in this part of the country & were in need of the person of local knowledge & experience to

transact

transact the duties connected with their mercantile affairs, requested Mr. Dent then Collector to allow me to take up the situation of Manager in this District under them. On Mr. Dent desiring me to do so I resigned my Government Employ & served as a Manager under Parry & Co. for 14 years 7 months 29 days, after which I was retaken into the Government Service, on the recommendation of Parry & Co., as Tahsildar in this District which post I have held for 13 years & 1 month. Thus my service under Government amounts to 29 years & one month, during which time I have acquitted myself with great care & uprightness which may be proved to your satisfaction by referring to Public Officers & Principal Individuals in the District. Sir, I would not have accepted the offer of Messrs. Parry & Co. had any Rules existed at the time to the effect that a break will affect the previous service and had not Mr. Dent assured me that there will be no objection to my previous service being taken into account for pension in the event of my being re-employed under Government. Altho' the present pension rules prohibit the counting of broken periods of service when calculating for Pension, yet as the break occurred when there were no such rules in existence and as I have worn out my active service under Government of 29 years [illegible] be gracious & pleased on taking into consideration my present infirmity and old age (63 years) as well as the helpless condition

condition in which I and my large family which solely depend upon me for support are placed, to recommend me for a pension, and in doing so bring my Case to the favourable consideration of Government supported by your advocacy to the effect that the present Pension rules shall not have a retrospective effect on the service rendered by me before I was employed under Parry & Co., a time when, as I have already stated, these rules were unknown. In support of my claim I beg to refer you to the settlement report of the Sub Division of this District dated 4th July 1860 in which the then Sub Collector Mr. Dalyell has stated that at the time of my retirement the Government will treat my case as a special one & grant me Pension.

Under

Under these circumstances I crave your good offices to bring my case as a special one to the favourable consideration of Government & procure me a Pension of one third of my Salary. I have further to add that I have Sons who have advanced in learning & whose experience in the discharge of the Public duties as Volunteers in your Office render them able to transact the duties of any small situation which you may be pleased to confer upon them. Trusting that you will bestow upon me the favors I have requested & begging to apologize for the liberty I have thus taken.

I remain, Sir,
Your most obedient humble
faithful Servant,

This is to Certify that I have examined the individual named Karrama Iyengar Tasildar of Virdachellum Talook, and that he is aged & debilitated and apparently incapacitated thereby for any duties of an onerous nature.

This incapacity is not the consequence of his own imprudence.—

Chief Secretary to Government

Sir,

In submitting through the prescribed Channel the Register of his application for Superannuation Pension or for Gratuity of Narrain Iyengar at present one of the Tahsildars in this District, I solicit the favorable consideration of Government to this Officer's Case.

2. It will be observed that the services of Narrain Iyengar have not been continuous & that he was not in public

employ

employ between the 22nd January 1835 and the 1st January 1850 or about 14 years and eight months. Under the Rules this break disqualifies him for a Pension & he is only entitled to a gratuity of 6 months salary but if a departure from the letter of the Pension rules were admissible I think the case of the Tahsildar might be made an exceptional one.

3. Copy of the application for special consideration made to me by the Tahsildar is herewith submitted for the consideration of Government & if it be in the power of Government to grant a pension to Narrain Iyengar instead of a mere gratuity, I would with all deference recommend such special indulgence on the grounds set forth in his Petition.

4. It was before the existing Rules for retirement were introduced that the break in Narrain Iyengar's service occurred, & exclusive of that break he has served the Government very nearly the full period to qualify him for the higher pension or a moiety of his present salary, & in consideration of his age & respectability & the nature of his services during the last 13 years, the Government may possibly be induced to extend to Narrain Iyengar the indulgence prayed for.

5. I am aware how strict is the observance of the Pension Rules & therefore I have not held out to Narrain Iyengar any great hope that his request will meet with a favorable reception; still it is worthy of note that had his services been continuous, making up a period of nearly 44 years, he would now have had claims on

Government for a pension of 70 Rs a month which is equivalent to half of his full salary during the last 5 years.

I have the honor to be

ORDER OF GOVERNMENT. 28th March 1863 No. 81

Agreeably to the Gratuity Rules, and the Civil Paymasters report, His Excellency the Governor in Council is pleased to sanction the payment to Nárayana Ayyangár of a gratuity of Rupees 700 in consideration of his faithful services during a period of 13 years.

2 His Excellency in Council regrets that he is precluded by the rules from acceding to this servant's application for a pension, supported, as it is, by the recommendation of the Collector. Altho' the rule requiring continuity of service as a qualification for a pension was not expressly laid down till 1852, still it was no novel [illegible] but an exposition of rules already in existence. It has moreover repeatedly been declared to have effect in regard to service both before and after 1852.
