Official Memorandum.

With reference to Memorandum from the Deputy Secretary to Government dated 27th Instant N^o 25, the Off^r Civil Pay Master has the honor to state that the monthly Pay abstracts from February 1827 to January 1830 of the Establishment of the Collector of Madras shew only the appointments and pay and not names of individuals - The annual or 30th April, lists shew the names of all who had been employed in a permanent capacity, and Mooneappa's name does not appear among them - The monthly Abstracts shew that a temporary Establishment was maintained during the above mentioned period and it is not improbable that Mooneappa may have been employed on that Establishment as it does appear from the accounts for Extra charges that some writers on a Salary of 14 Rupees were occasionally employed - Such Service however will not qualify for pension.

Office of Cont. Indly Finance
T. W. Long. 7th March 1863.

W. B. Long Cont. Indly Finance
Civil Paymaster.

Order thereon 10th April 1863 A. G. S.

1. The services of this applicant, according to his own computation, extend over a period of 30 years, from 15 Feb^y 1827 to 31st Dec^r 1862.

2. He says that he was in the Madras District, in the district Rent Sep^t, up to 31st Jan^y 1831, but although he has made an affidavit to that effect, which a friend is ready to corroborate, his name is not to be found in the records, either of the Civil Paymaster or of the Madras Collector. The annual list furnished by the latter to the former contain the names of all who were employed in that Department in any permanent capacity. If therefore the applicant's statement be true, his appointment must have been of a temporary character, not entitling him to a pension. This inference is strengthened by the fact that after losing this situation he remained out of employment for 10 months.
