This is to Certify that I have personally examined C. Basheerum Naidoo Manager in the Commandant and Joint Magistrates Office at Ootacamund and find that he is suffering from general debility brought on by profuse bleeding from internal piles and also that his general health has been impaired by twentyfive years of service in a climate not congenial to the Native Constitution and I am of opinion that these infirmities are not the result of intemperance or any irregular habits, that he is likely to benefit by treatment and relaxation from duty, and therefore recommend that he should be relieved from his duties for a period of twelve months on pension - when ~~he~~ should he be found unfit for further duty, I would recommend his being permanently pensioned.

No. 187

Extract from the Minutes of Consultation
Dated 21st June 1858.

Read following letter from Lt. Col. Bayly, Commandant and Joint Magistrate Neilgherry Hills

Here enter No. 218 of 3d June 1858

1 The Manager of the Commandt's Office, Neilgherries by name C. Bashiem Naick, was, it is observed, granted a conditional Pension in Extract Minutes Consultation No. 265 of the 30th September last, it having been certified by the Medl. Officer on the Hills that his general health, which was impaired by a long service in an uncongenial climate, might be possibly benefited by relaxation from duty for the period of one year -

2 This conditional Pension was to commence on the 1st November following,

following and on the 1st Novr. 1858, the party was to appear before a Medical Committee (convened by the Director General) who were to furnish a report on his Condition.

3 Subsequently, at the request of the late Commandant, Col. Cameron, C. B. K. C. T.S. and K. C. who stated that from unforeseen circumstances the Manager's Services would be urgently required for a short time further, the date of conditional retirement was changed from the 1st November 1857 to the 1st January 1858, and again at the request of Lt. Col. Brown, to the 1st of July 1858.

4. C. Bashiem Naick has accordingly been uninterruptedly employed up to the present date, and the Commandant now returns the Pension Certificate "for deposit in the Govt. Office, until asked for".

5 The Government remark that it has been certified by a Competent Officer that the Manager is labouring under a Serious disorder, and suffering from general debility, and that the patient will be unfit for work, certainly for a year and perhaps altogether. If a Medl. Opinion is to be altogether thrown aside in the way proposed, it is useless to expect that Medical Officers will perform their duty with proper attention. The employment of C. Bashiem Naick from the 1st July next cannot be authorized, and the Commandant will call upon him immediately on receipt of these orders, to retire upon the Conditional Pension granted to him, and on the 1st July 1859, he will be required to appear before a Medical Committee as usual in such Cases.

Upon leaving the Neilgherry Hills preparatory to my proceeding to England, I consider it but an act of justice towards the Native Writer in the Public Office at Ootacamund "C Bashram" to record the very favorable opinion I have always entertained of him, both in his public & private capacity.

Exclusive of my general acquaintance with him since my first arrival on the Hills in 1834 up to the present period he was more immediately brought to my notice, during the time I exercised the Command on the Neilgherries, from March 1836 to November 1840 and I have no hesitation in stating, that as long as I have been in India, I have never met with a more intelligent, upright, or useful Public Servant, in the performance of the various & responsible duties, that were imposed on him, in which he always displayed equal zeal and attention

I leave him my very sincere wishes for his future success in life, under the assurance, that his conduct will continue to realize & confirm this my opinion of him.

During my two years incumbency of the Command of the Neilgherries, I believe that the amount of business was unprecedentedly heavy and so onerous was it at one period, that the possessor of this testimonial, was required to attend at my own house early in the morning and continued to labor at his desk in the Public Office, by Candle light in the Evening and never heard a murmur escape from his lips. Memorandum

C. Basheam has been the extraordinary Period of 18 years in the "Station Office Ootacamund" through its various footings, and with all its multifarious functions, for the immense, yearly increasing, and always fluctuating, European and Native Community here of all grades & interests

It may safely be said that perhaps no native in India has to discharge such a Multiplicity of Functions, as C. Basheam has at Ootacamund and all this under a Succession of Officers changed every two years and coming new to the many & heavy duties of the Office. It is little known how useful to the Public such a man's aptitude and indefatigable habits are, in a large and constantly changing Society under such circumstances. Fortunately he has almost never been sick, or absent from his Post. Were his services lost to this Office their value would be appreciated more palpably.

I find the highest testimonials recorded, to his integrity, Industry, and general ability and value. and I feel it but Common Justice to add my tribute thereto. Among Basham's other Functions, the details of Pay Management, at this Sanatarium, 200 miles from a Pay Office, need only be reflected

on to be estimated. They involve a Trust of some Thirty Thousand Rupees & upwards monthly in which he was never known to be one Rupee wrong. and which I have made exclusively his trust – necessarily leaving it entirely to him. He is one of the Civil Courts Gumastas and Translates the Decrees &c. admirably. As an English writer I have never met his superior. Among his other great merits, I Consider it not the least, that I, for one, have never known him once attempt to influence, in the smallest degree, or by a word or hint, the Head of the Office, either for or against any Individual whatsoever or on any local or party affair or interest by word or deed. Although his position and long residence here cannot but have given him the means of being more cognizant, than most other of every thing that would ordinarily afford material for an opposite course in a native so situated.

I record this testimonial entirely unsolicited by C. Basheam Noidoo.—

I always found him most careful, and attentive to his duties, one part of which comprised the disbursement of military pay to officers on leave on the Hills; and as sometimes as much as Rs: 25 or 30,000 passed correctly through his hands, satisfactory proof was afforded of his integrity and honesty. 3. He came to the Hills in the year 1830 and was employed since 1836 in the Office.–

4 His duties have been onerous as he has in addition to the routine work of an Office, had to manage the issue of pay to Officers and pensioners involving many questions regarding Military regulations, which when a Civilian was at the head of the Office would but for his assistance have caused considerable difficulty.

5 C. Basheam Naidu has received several testimonials from the different Officers under whom he has served, and I would beg particular attention to the following Extract from letter 1st May 1856 No. 197 to the address f the Chief Secretary to Government

by

by the then Commanding Officer of the Neilgherries.

"That these duties since the transfer of the Sudder Ameen's Court have hitherto been successfully discharged, has been chiefly owing to the ready and extensive knowledge, zeal and unwearied and untiring application of the Head Writer & Manager of this Office Basheam Naidoo, a situation he has held with credit to himself and honor to his Superiors, for the long period of upwards of twenty years."

6 I may add that it is most difficult to obtain efficient and respectable natives for public service on the Hills and that it might be considered expedient to mark a long and most meritorious service in an uncongenial climate with the special reward of an increased pension especially as in the present case the applicant would have

gladly continued in the performance of his duties had he not been prostrated by severe illness rendering him incapable of future exertions.

It is at all times difficult to obtain good ministerial officers on the Hills, and the difficulty is every year increasing, as persons possessing the requisite qualifications for the post can with ease obtain employment on some of the many Coffee Estates which are springing up on all sides – The certainty of a good pension therefore will tend to retain good men, who might otherwise feel inclined to leave – On the grounds therefore of expediency as well as merit, I beg to recommend that Basheam Naidoo be pensioned on the highest rate of pension –
