pension DEPARTMENT.

G.O. No. 155 ~~Press~~ Mis.

Dated 2-4- 1864

Not to be folded or roughly handled

Proceedings of the Madras Government P.W. Deptt

18th April 1864

No 438. Read the following letter from Captain O. W. S. Chambers, R.E. Superintending Engineer, 1st Division, to Colonel C. A. Orr, R.E. Secretary to Govt. Deptt. Public Works, dated Waltair, 13th November 1863, No 1676:—

Sir,

1 original letter
* No 206 of 5th Novr 1863
+ G.O. No 2892 of 5th Octr 1863.

1 I beg to submit to Govt. the accompanying original letter* from the Executive Engineer in temporary Charge of the Dowlaiswaram Workshops, in pursuance with their wish + to be furnished with a full and detailed account of the Character and amount of the work likely to be performed at the Factory

2. Trusses and iron gates, door and Windows to the Rajahmun Central Jail; iron doors to Waltair Jail; an occasional pa or two of lock gates; trusses to the roofs of the Various bu Magistrate's Cutcherries Sanctioned and to be Sanctioned repairs to the Steamers and Dredges; petty Works of Various kinds, are the works which for a certainty will be Carried out in the Factory during the next two years, and the expen diture on them will certainly not be less than 30,000 Rs

3 Lengthening the Paumben tug; building iron boats; making up lock gates for the Grand Junction Canal, the executio of these works is problematical, but assuming that som of them are Sanctioned for execution during the years 1864-65 1865-66, then 20,000 Rupees more annually may be assumed as the disbursement to be made on their Accounts

4 There then remains private work which cannot be estimated for; hitherto the Factory has supplied man individuals, especially with Castings, but the high per-centage now put on is likely to deter them from Continuin Customers

5 I quite agree with Major Stoddard that it Should be made Compulsory on executive Officers in the Godavery to get any extensive wood or iron work made up at the workshops.

From Major J. Stoddard, Ex. Engineer, Godavery District
to Captain O. W. S. Chambers, R.E. Superintending Eng.r
1st Division, dated Dowlaiswaram, 5th November 1863. No 206.

Sir,

1 I have the honor to acknowledge the receipt of G.O.
No. 2892, dated 5th Ultimo, and in reply to your Off.l Memorandum
No 1426 of the 14th idem, to state that the work at present
being executed in the Dowlaiswaram Workshop is the
construction of the doors for the new Central Jail;
I am unable to say exactly what the value of this work
will be, but we shall probably have to execute work
for the Central Jail in this and next year to the value
of 30,000 Rupees.

2 It is also likely that the alteration of the
Paumben Steam Tug will be ordered shortly, the cost
of which will be about 25,000 Rupees at least;

3 It is further probable that the construction
of iron boats will be sanctioned in the course of this
or next year, which will bring in work to the extent of
another 25,000 Rupees.

4 I suppose that within the same period the Yalourpad
and Magaltoor Locks will be built, and the works required
to complete the Ellore & Samulcottah Canal will be undertaken.
The Gates of the said Locks & the wooden bridges over the several
inlets & escapes in the above Canals will have to be made in the
workshop, the cost of these will be about Rs 25,000 more;

5 To the above I might add the repairs which will have
to be done to the several Steam Dredges, Steamers, boats
belonging to the Lower & Upper Godavery, the cost of which
it is not possible to estimate before hand.

6. Thus far as regards Government work, as for the nature
and amount of private work it is out of my power to
state what such is likely to be. Hitherto "Castings"
have formed the greater part of work undertaken
for private individuals, but I fear that the very high
per-centage which is now being put on work turned out
will deter many of our usual customers from resorting to our Factory
again.

7 In order to reduce this per-centage to a minimum
I am of opinion that Government should make it compulsory
on the executive Officers in this and the neighbouring District
to get all work of any magnitude or importance done at
the Dowlaiswaram Factory.

439. Order thereon, 18th April 1864. No 1106

Proceedings 20th Feby/63 No 447
do 8th May " " 1175
do 21 " " 1286
do 13 August 2286
do 5th October 2892

1. The Governor in Council having
had under consideration the Correspondence
noted in the margin, is of opinion that
the prospect of an extensive System
of Steam Navigation to be carried on
throughout the Channels of the Delta & on the Upper
Godavery having faded, the necessity of establishing an
expensive Factory at Dowlaiswaram no longer presses.
The work now devolving on the workshop is comparatively
of an ordinary & unimportant character, without
prospect of immediate increase. Among the
items of work which the Superintending Engineer
expects the workshop will have to undertake, the
Government notices the alteration of the Paumben
Steam Tug, but as it has been suggested to the
Secretary of State that a contract should be entered
into with the makers of the Vessel for the supply of
the different parts yet required to render her
effective, it will only be necessary to put those parts together.
The Lock gates for the Grand Junction Canal will not
also be required, as it is not in contemplation
to propose the commencement of that project at
present. As regards the quantity of private work
turned out, it is observed that Major Stoddard is of
opinion that the high per-centage charged at present will
deter many from resorting to the workshop; and yet the
payment of such excessive charges is an unavoidable
necessity when an expensive Establishment has to be main-
tained and the out turn continues incommensurate
with its cost.

5th September 1863, No 1013

2 There is no objection to the
entertainment of the Establishment
proposed

proposed by the Superintending Engineer, as its Cost is within the amount Sanctioned by the Govt of India, but the Govt are of opinion that the workshop should be altogether self-supporting, and they think that if it be constituted on a footing to meet the requirements of the Division, a special fixed Establishment is not necessary. Excluding the Superintendent Mr Moncrieff, who will be provided for elsewhere, the proposed Establishment would cost Rupees 916 per mensem; but the strength to be maintained in future will rest entirely with the Superintending Engr. who will exercise an effective control over the operations of the workshop, & give his attention to the introduction of a System of management calculated to ensure its successful working. It is essential that the Charge for establishment should be regulated with reference to the work that has to be performed

5th September 1863, No 1013

	General branch	
1	1st Class Supervisor for general practical direction & Supervision	200
1	Overseer of Carpenter Shop & Dockyard	60
1	" of Smith Shop & Foundry	60

1	Moochey	8
4	Peons to take bills &c	24
		287
	Grand total	916

3. The Estimates submitted by the Superintending Engr for improving & clearing the Factory are as follows:—

New shop for Fitters & Viecemen	12690-„-„
Charcoal & Coke shed	2060-„-„
Store shed	2040-„-„
Verandah for Viecemen's old shop	1930-„-„
Shed for boat building	1730-„-„
Sawyer's shed	1090-„-„
Yard wall & lean-to adjoining the old Store shed	790-„-„
	22330-„-„

4 In addition to the above, Colonel Chambers recommends the purchase of an Engine, at a Cost of Rupees 6000-„-„ for driving the machinery.

5 The Governor in Council sanctions the above Estimates amounting to Rs 22,330 for extending the workshop buildings: but His Excellency does not consider the purchase of the Engine to be necessary. Under the present circumstances, one of the portable 4-horse power Engines, now in Store, might perhaps be advantageously employed in the workshop.

6 The Govt are averse to making it compulsory on Officers to get work done at the Dowlaiswaram workshop. There seems no reason to doubt that, if its charges contrast favorably with those at other places, and for the attainment of this end the best possible arrangements should be devised, the work of the Division will be attracted to it & its financial position improved.

7 The Superintending Engineer will report whether Mr G. Ross will, under the future organization of the Workshop, continue to be employed as at present, in which case his post in the Deptt. will be permanently filled up: or whether he will return to his appointment, arrangements being made to fill his place in the workshop.

CIVIL PAYMASTER'S OFFICE * DEC 17 1863

Superintending Engr Office
1st Division 7 December 1863

No. 1890,

Encls. 11
Gratuity appli=
=cations-

From Captain C. W. S. Chambers R.E.
Superintending Engineer 1st Divn

To Lt Col. C. V. Wilkieson R.E.
Comptroller and Auditor
of P. W. accounts

Sir,

Referring to para 2 of G. O. No 2607 of 10th September 1863, I have the honor to forward, herewith, for submission to the Chief Secretary to Government eleven applications for gratuities on behalf of the individuals marginally named.

Mr. J. Wilkinson
T. Durmalingapilly
A. Venketnursia
X N. Bootchia
W. Swamy
X M. Tautia
V. Venkanna
Y. Govindarau
K. Venketrau
D. Gooroovésum
V. Lutchmenursia

2 These men who were employed in the Godavery District as Subover=seers and whose appointments were abolished on the 31 March 1863; under the orders of the late Chief Engineer D. P. Works, are entitled to gratuities under the old rules.

3 Of these Eleven men two Sub Overseers Viz Tanjavoorie

Duraialingapilly and Watada Swamy having permanent and continuous Service of upwards of 10 years each are to get 5 months' Salary as "Gratuity" while the others should get only 3 months pay in accordance with their Service.

4 None of the men above referred to, have as yet been reemployed in any Government Service.

I have the honor to be
Sir,
Your Most obedient Servant
