To

His Excellency the Governor, in Council
Fort St George

The humble petition of Bheema Rao
late Sautdar of Darampoor
in the Zillah of Salem

Respectfully sheweth

That your petitioner has served under the Government
for a period of $27\frac{1}{4}$ years, during which he has filled
Seriadarship and other subordinate posts for
 $18\frac{1}{4}$ years and Sautdar of several Taluqs for 12
years. Mr Thomas, the Subcollector of the
District, with the intention of removing him from
employment, forced him to take pension, but this
was refused by the petitioner because he wanted
some years more to his service when he will become
eligible to half pension. Knowing that those whose
service was below the stated period for pension ^{are} often
allowed to hold out their employments till the

deficiency is made up, he ventured to offer that ~~refund~~
which he would not have done, had he foreseen
the subsequent fatal consequences. Upon this the
Sub collector recommended to the Board through the
Collector for his dismissal on two charges; viz.
One his idleness in the management and the other making
a false report in the case of an irrigation channel.
It is strange that he who has served for so long a
period under so many Collectors who having tested
his qualifications, have favored him with testimonials
should be accused of idleness by one Sub collector
under whom he served for the short period of 3 months.
A printed copy of the petition (marked A) presented
by the petitioner to the Board, ^{is being enclosed} which he trusts would
give a satisfactory & documentary defence to all the
cases brought against him by the Sub collector
(see from para 5 to 50 of the printed petition).
As to the second charge he says in defence that he
is not to blame as the whole matter was concerned with
the public works Department the head of which in
his letter (marked B) to Mr Brette the then
Collector of the District, plainly says that the
fault lies with his subordinates whom he has
also reprimanded and ordered to make up the

loss from their own pocket money. A reference to
the accompanying printed copy para 51, to 72 will
convince the Government of the truth and innocence
of the petitioner. In fact the Sub collector had
conceded every truth and brought forward those that
seemed at the first glance something like truth so
that they may serve his own motives; and the Govt
moreover may come to see by the letter (marked C)
to Mr Thomas from D Arbitrator Esquire,
that the second charge was brought against him only
for his refusal to apply for pension; and the Sub collector
Mr Thomas gave final decision on the charge alleged
to him which is revivied on the said refusal. He was
dismissed on both the charges by the Board's order.
Upon the decision of the Board he appealed to the
Government, and received an endorsement stating
that the Government declines to interfere with the
decision of the Board. He again presented another
petition to the Board to which their answer was
that they find no reasons to alter their decision.
From the time of his dismissal more than 15 months
past, during this time his troubles cannot be
described. The Government will certainly come to
know the innocent part of the petitioner as if
they were to bring into their kind consideration the
various proceedings of the case. He prays

in connection with an irrigation Channel. A copy of the correspondence is enclosed. * to be returned

3 There is no question that Beema Row was considered for some years past careless and negligent in the discharge of his duties, but was never charged with any dishonesty or corruption.

present
Character

4 He was I understand considered to be clean handed and straight forward and as such popular in his taluq. His fault was that he was slow in the discharge of his business. The only case in which his character may be questioned is that connected with the Channel and on this alone it would be hard to deprive the man altogether of the bounty of Government after a long service of nearly 27 years. He has scarcely any means of

subsistence and has a family all depending for support on his only brother employed in my office on 35Rs. I would therefore recommend him to the clemency of Govt. and for the grant of pension of Rupees 42 or one third of his average salary for the five years preceding the date of his dismissal. I would under other circumstances have recommended Beema Row to the pension of half his salary to which his service would entitle him under the existing Pension Rules.

4 The usual papers submitted in such occasions accompany except the Doctor's certificate which in the present case I think is unnecessary

Says that
No Medical
Certificate
is necessary

unnecessary - Beema Row is now

Order of Government.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following Papers.

From the Collector of Salem (Here entered 3rd June 1864 N^o 19)

Report of the Civil Paymaster (Here entered 14th July 1864 N^o 81)

Order thereon 28th July 1864 N^o 314.

The Governor and Council is unable to see in the Collector of Salem's letter any ground for recommending to the Home Government the grant of a pension to Beema Rao.

3. M^{rs} Arbuthnot's words in his letter to the Board of Revenue recommending his dismissal are "This Tahsildar has been time after time warned, fined, and lastly threatened with degradation to a lower office without effect and x x x has for many years continued to show the same persistent want of zeal and contempt of the orders of his Superiors, and lastly, has made a deliberately false Statement to his immediate Superior

Superior the Sub-collector." while the District Engineer remarks that "the objectionable band (whose removal was reported, falsely, by the Tahsildar) is calculated to benefit some land held by the Tahsildar's brother-in-law."

3. Under these circumstances the dismissal of Beema Row seems to have been only too long delayed.
