Memorandum

With reference to the Memorandum No 446 dated 14th May 1864 from the Deputy Secretary to Government in the Pension Department, the Superintending Engineer 4th Dn has the honor to state that no information relating to character was given in the returns furnished by the District Officers of persons thrown out of employ by the abolition of their Office, from which the Register of application for Gratuities submitted from this Office on the 26th December 1863 was compiled, and hence the omission noticed by the Deputy Secretary in the Memo under reply.

2. From a reference however, which has now been made to the District Registers of the Services of Uncovenanted Servants, it is found

that

that the whole of the Subordinates whose names are entered in the application for Gratuities bore a good character with the exception of Mr Pereira regarding whom the late District Engineer North Arcot, Mr Dossing, reports that he is "Really useless, only there would be no one in the Talook, he would have been dismissed". but Mr Dossing was known as an Officer who was generally dissatisfied with all his Subordinates, and the Supg Engineer would be sorry that his testimony should prove unfavorable to Mr Pereira who is now doing very good Service in temporary employ.

3. As respects paras 2 & 3 of the Memo under reply, the Superintending Engineer has made such alterations in the amounts recommended in the accompanying list for Gratuities as appear to be more strictly in accordance with the Spirit of the new Rules than the gratuities first recommended.
