The humble Memorial of T. Man-
necum Woodellian late a Book
Keeper in the Public Works Store
Department of the Madras Presidency

Most humbly sheweth,

With due deference and humble submission
your Memorialist begs leave to address your honor with
these few lines confiding in the hope that your grace will
look upon your Memorialist with pity and compassion
and support him.

That your Memorialist served as a Clerk
in the late Chief Engineers Office, late Central Office of
Public Works and Public Works Store Department of this
Presidency for a period of 29 years and 9 Months, of
which 14 years and 11 Months were only allowed to count for
Pension. Your Memorialists services were dispensed with
in July 1863 consequent on the reduction of the Estab-
lishment, the circumstance of one Month being wanting
to complete 15 years service has deprived your Memorialist
of the enjoyment of one third Pension, according to the
New Pension rules. That your Memorialist begs to
observe here that those Clerks who wanted 6 or 8
Months to complete of their services have been Pensioned
in the Public Revenue and Military Department of
the Government Office. He submits that this is a great
hardship.

hardship and although the decision may be in conso-
nance with the letter of the Rules, yet it is evidently op-
posed to their spirit as some consideration is due to the
long period of service which is forfeited by the fact that
it was rendered in posts that were ineligible to pen-
sion, Your Memorialist most respectfully craves
therefore sympathy in his case and the grant to him
of one third Pension as a special case. The enclosed
copies of Testimonials of Character will convince your
honor of the period of your Memorialist's service and the
faithful manner in which your Memorialist discharged
his duty.

For this act of kindness your Memorialist
as in duty bound.
