Proceedings of the Madras Government, Pension Department,
4th May 1865.

Read the following papers :—

From the Superintending Engineer, 8th Division.
(Here enter 22nd December 1864, No. 2206).

Report of the Civil Paymaster.
(Here enter 16th March 1865, No. 194).

ORDER THEREON, 4th May 1865, No. 161.

The foregoing is an application for pension made by A. Pulnivaloo Moodelly, late an Estimate-maker on the Establishment of the Superintending Engineer, 8th Division.

2. It appears that Pulnivaloo Moodelly first entered the Public Works Department on the 4th June 1844, and continued to be employed in several grades until March 1864, when he resigned his appointment of Supervisor.

Proceedings, Public Works Department, dated 2nd April 1864, No. 908.

3. The Superintending Engineer, in reporting his resignation, said that Pulnivaloo "suffered from a severe attack of Jungle fever, "which has left him liable to violent Rheumatism, this prevents him from moving about on active service", but, in the same letter, asked permission to appoint him to the situation of Estimate-maker, then vacant in the office, for which Pulnivaloo had applied, since the Zillah Surgeon did not consider him so far incapacitated as to warrant his being recommended for pension.

4. In their orders on that letter, the Government accepted Pulnivaloo's resignation, and, as a special case, sanctioned his re-employment as Estimate-maker, the duties of which office he performed up to the 22nd of December last.

Thus it appears that Pulnivaloo was not out of employ for more than 32 days.

5. The Civil Paymaster considers that the service of Pulnivaloo preceding his re-employment in April 1864 cannot count for pension, with reference to the ruling of the Secretary of State, dated 24th November 1863, No. 208, published at the end of the revised Pension Rules. This being the bulk of Pulnivaloo's service will, if disallowed, only leave him 8 months and 11 days as counting towards pension, and consequently only a gratuity can be given him.

6. The Governor in Council is not, however, disposed to concur with the Civil Paymaster. It is true that Pulnivaloo tendered his resignation to the Superintending Engineer, but the Government, in the same order in which they accepted it, were pleased to re-appoint him as an Estimate-maker, so that his resignation can hardly be called a resignation in fact. The Government consider, therefore, that clearly his is a case in which a pension may be given without infringement of rule.

7. They resolve, therefore, to admit A. Pulnivaloo Moodelly to a pension, equal to a third of his average emoluments for the last five years of his service, or Rupees 30-4-0 per mensem, from the 23rd December 1864, and to report these Proceedings to the Government of India, for confirmation.

No. 552. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madura, 12th September 1863, No. 618:—

SIR,

1. Referring to G. O. No. 2,582 of the 8th instant, I have the honor to request that the Government will be pleased to appoint a Táluq Overseer in the room of Chocalingum Pillay, whose immediate relief I have ordered, and a Supervisor in lieu of Mr. Mason, who has been pensioned since 27th May last, as I am much inconvenienced by the deficiency in my numbers.

2. I beg also that instructions may be issued as to the employment of temporary servants. Men occasionally die, or may be summarily dismissed for fraud, which would entail extra labour, but as a Superintending Engineer cannot entertain any, but passed Candidates even for a few weeks, until a man can be procured, we shall be liable to suffer at times, great inconvenience.

3. In the present case, I have already requested in my No. 250 of 31st July 1863, that the Government will appoint since they will not accept my nomination, and the Auditor refuses to pay any temporary nominee, I am at a loss therefore to know how to conduct my duties. A District Engineer under the former organization was always allowed to appoint temporarily a subordinate until a fitting man could be procured.

No. 553. ORDER THEREON, 25th September 1863, No. 2,785.

1. The Government have in a separate order authorized the employment of Chocalingum Pillay as an Overseer, provided he pass the prescribed examination within a reasonable time, failing which he will be re-placed by a passed Candidate as soon as the services of one are available.

2. Mr. Supervisor Mason having been pensioned the Government resolve to order the following promotions:—

Mr. J. W. Laskey, Acting Supervisor 2nd Class, to be Supervisor 2nd Class vice Mason.

A. Pulnivelu Moodelly, Overseer Madura District, to act as Supervisor 2nd Class vice Campbell, and to be posted to the Tinnevelly District.

3. The Superintending Engineer, 8th Division, is authorized to appoint in room of Pulnivelu Moodelly a member of the late Lower Subordinate Establishment, and if the services of one be not available, he will be at liberty to appoint any individual that he may consider qualified to fill the vacancy, but on the conditions on which the employment of Chocalingum Pillay has been authorized. The name of the party appointed should be reported for the information of Government.

4. The Superintending Engineer, 8th Division, is in error in supposing that District Engineers, under the former system, were authorized to make temporary appointments. He will observe on reference to the Proceedings of Government dated 30th July 1862, No. 1,817, that that power was vested only in the Deputy Chief Engineers of Circles, and nominations to those situations are now equally vested in Superintending Engineers, subject to the confirmation of Government.

No. 393. Read the following letter from Captain O. W. S. CHAMBERS, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 29th October 1863, No. 1,524 :—

SIR,

1 Original letter.

1. I do myself the honor of submitting to Government the resignation of Mr. Supervisor Harris.

2. This resignation has been accepted by me in anticipation of the orders of Government, subject to the production of the usual transfer certificate from Lieutenant Mackgill, R. E., who is now engaged in relieving Mr. Harris.

3. In my opinion it is a matter of regret that the valuable services of an officer of Mr. Harris' stamp should be lost to Government, but no blame can be attached to him for wishing to better his prospects.

4. As there will be a vacancy at the Godavery on Mr. Harris' departure, I beg to recommend that Supervisor Ramiah, who was to have been relieved by Mr. Harris, be ordered to stand fast.

5. Expecting the transfer of Ramiah on relief, or, more properly speaking, his resignation of the service, I have not allowed him to make contracts for the supply of building materials for the Central Jail at Rajahmundry ; these contracts I purposed should be given out by Mr. Harris, as he would have to build the prison ; the work has consequently not yet been vigorously pushed on, and should now another Officer be sent to the District to relieve Ramiah, the work will, until the relief, still progress but slowly.

6. I make no reference to the advisability of retaining the services of Ramiah both as the future successor of Sub-Engineer Viranna, R. Br., at the Godavery Anicut, and as the only Officer in the District who appears to be able to work in a hill range with impunity, as Government at tached little importance to a recommendation on these grounds that the Supervisor should not be transferred to another District.

No. 2,876 of 3rd October 1863.

From MR. T. D. HARRIS, Supervisor, Department Public Works, to Captain O. W. S. CHAMBERS, R. E., Superintending Engineer, 1st Division, dated Martair, 24th October 1863, No. 94.

SIR,

1. Having been offered an appointment in the Irrigation Company at Cuttack of treble the emoluments I am at present in receipt of, and being fully persuaded that my prospects in the Company's service are far more encouraging than I can possibly expect in Government employment, in the present organized Department of Public Works, I respectfully beg to tender my resignation and trust that permission may be granted me to leave for Cuttack immediately after handing over charge of my Range to Lieutenant Mackgill, R. E., daily expected.

2. I am now nearly nine years in the Department, and have never had leave of any description nor any other indulgence. I stuck constant to my duty, isolated and almost shut out from the world, and I now hope the favor I solicit may be granted.

No. 394. ORDER THEREON, 18th November 1863, No. 3,360.

1. The proceedings of the Superintending Engineer, 1st Division, reported in paragraph 2 are approved.

2. Now that a vacancy in the grade of Supervisor 2nd Class has been caused in the Godavery District by the resignation of Serjeant T. D. Harris,* the Government will not object to the retention of A. Ramiah who was transferred to Kurnool in Proceedings No. 1,599, dated 18th June 1863.

* Effective Supernumeraries.

3. To fill the vacancy of Supervisor 2nd Class in the Kurnool District, the following arrangements are sanctioned :—

Acting Supervisor Pulanivelu Moodelly to be Supervisor 2nd Class, vice Serjeant Harris, and to continue in the Tinnevelly District.

Overseer G. W. Lewis to act as Supervisor 2nd Class, vice Pulanivelu Moodelly, and to be transferred from Cuddapah to the Kurnool District.

P. W. D. Pulnivaloo Moodelliar was promoted

1 Leave Statement
1 Extract from Service Register.

I have the honor to forward, for the favorable consideration of Government, a Medical Certificate and a Register of Application for Pension, for the Estimate maker in my Office, A. Pulnivaloo Moodelliar.—

Pulnivaloo Moodelliar was entertain on the 4th June 1844 as a Departmental Maistry in the late Civil Engineer's Office 8th Dn. on a salary of Rs 35. He was transferred to the Collector's Department on 1st November 1852, as Marahmut Superintendent on Rs 50 per mensem, where he served as such until 31st December 1856. On 1st January 1857, he was appointed an Assistant Overseer in the P. W. Department on Rs 80, and promoted to Overseer on the 31st December 1861.—

In G.O. No. 2783, 25th September 1863, P. W. D. Pulnivaloo Moodelliar was promoted to the grade of Supervisor 2d Class on a Salary of Rs 150: but in Consequence of ill health he resigned that Appointment in March 1864, and with authority× of Government he was appointed to his present situation of Estimate maker, on the 12th April 1864.—

× G.O. No. 908, 22 April 1864 P.W.D.

The above were all permanent appointments and his services Continuous.—

At the age of 20, Pulnivaloo Moodelliar entered public Service, and has served for a period of 20 years, 5 months, and 5 days, up to the date of this application. His present age therefore is 40 years, 5 months and 5 days: but as Certified by the Zillah Surgeon he is physically and permanently incapacitated for further Service in Consequence of premature Old age, failing eyesight and loss of memory. This is possibly the Consequence of an attack of jungle fever as reported in my No 2097 of 9th March 1864.—

The Certificate of a single Medical Officer only is forwarded, as there is no Medical Invaliding Committee within 50 miles of this District, nor two Medical Officers within that distance. Vide notification published in the Fort St George Gazette dated 4th August 1863, page 206.

This is contradicted by the entry in Col 22 of the Register
[illegible]

During the whole period of his Service, Pulnivaloo Moodelliar has conducted himself properly, and discharged his duty to the Satisfaction of the Officers under whom he Served.

As the want of an Estimate maker produces great inconvenience in my Office, I have in anticipation of the grant of pension permitted Pulnivaloo Moodelliar to quit the appointment the duties of which he cannot efficiently perform from this date and have advertised for a passed candidate in his place.—

Sir,

1. I have the honor to report that Supervisor Palanivelu Mudali has sent in his resignation. In my No 1,434 of 7th December 1863, I informed you that he was not fitted for the duties of a Range Officer & further experience has confirmed my Opinion, he has done nothing during the ten months that I have been connected with the Division; the first three of which he spent in charge of No 2 Range of Madura District, during Lieutenant Coninghame's absence on leave.

2. It appears that about two years ago Palanivelu Mudali suffered from a severe attack of jungle fever, which has left him liable to violent rheumatism, this prevents him from moving about on active service, but the Zillah Surgeon here does not consider that he is so far incapacitated as to warrant his being recommended for pension.—

3. He has served in the Department nineteen years and nine months, having held the following appointments.—

	years.	Months.
Department Maistry	8	4
Maramut Superintendent of Madura	4	2
Assistant Overseer	3	2
Overseer	3	8.
Supervisor, 2d Class	0	5.

and has applied to me for the situation of Estimate-maker still vacant in my Office.—

* Dated 2nd March 1860, page 441 —

4. By Notification published in "Fort Saint George Gazette" *

I am precluded from entertaining any man who has not passed as an Estimate-maker; but the Government may be disposed to allow this as an exceptional case, and I therefore beg permission to appoint him.—

5. None of the Overseers in this Division are fit to hold the post of Supervisor, and I know no Overseer in other Divisions whom I could recommend, I beg therefore that Government will be pleased to appoint somebody to the vacancy as speedily as may be convenient.

6. As the Construction of sanctioned salt roads is making but slow progress, and Estimates for completing them are not even commenced I have, as a temporary measure, ordered the Clerk and Examiner in my Office Vyapuri Pillai to take Charge of the Range.—

7. I trust that the Government will sanction this. at least till another Supervisor can join. He knows the District thoroughly, having been for some years at the head of the Office of the Civil & District Engineers in which several of the Overseers now in the Division began their career under him.—

No. 34. Order Thereon, 2d April 1864, No. 908.

1. Supervisor Palanivelu Mudali's resignation is accepted from the date on which he was relieved of the charge of his Range.—

2. As a special case, and on the understanding that it is not to be drawn into a precedent, Government sanction the employment of Palanivelu Mudali as Estimate-maker in the Office of the Superintending Engineer, 8th Divn.

3. A Supervisor will be appointed to the Tinnevelly District in due course in the room of the abovenamed individual. Mean while the arrangement reported in paragraph 6. of the foregoing letter is approved as a temporary measure — giving Vyapuri Pillai no claim to a permanent appointment on the Executive Establishment, without his passing the prescribed examination.

Sir,

Enclo. 5.

I have the honor to enclose a statement of Pulnevelu Mudaliar's service drawn up in reply to your No 226 15 Ultimo.

In that formerly submitted the dates shewed the commencement of service in each grade — this one contains that of the day on which each terminated as well as that on which it commenced in the next grade — the service being continuous I cannot understand how it will afford any better information.

I enclose also copies of the Government orders as per margin. It never occurred to me that the Controller was not provided with these orders which afforded him the only authority for the issue of pay to the Supervisor

Report of the Civil Pension Paymaster (Here enter 16th March 1865 No 174)

Order thereon 4th May 1865 No 161.

The foregoing is an application for pension made by A. Pulnivaloo Mudelly late an Estimate Maker on the Establishment of the Supg. Engineer 8th Division.

2. It appears that Pulnivaloo Mudelly first entered the Public Works Departt. on the 4th June 1844 and continued to be employed in several grades until March 1864 when he resigned his appointment of Supervisor.

3. The Supg. Engineer in reporting his resignation said that Pulnivaloo "suffered "from a severe attack of Jungle "fever, which has left him "liable to violent rheumatism, "this prevents him from moving "about on active service", but in the

Is not this a case wh. the Govt. should receive the information wh. in a late order, they resolved shd always be submitted of the Med: officer signing the Med: Certificate? Re the old story of ailments whose existence rest on the opinion of the party desiring to be pensioned. The man is only 40. What period of treatment has satisfied Dr. Rule that a man of 40 is rheumatic & old? What is known as proof of failing eye sight? who can prove loss of memory? has lengthened treatment shown this to be real should it be alleged? Twenty rupees a month to a man of 40 for ~~[illegible]~~ is a heavy burthen on the State if there is nothing [illegible] how many a pension about the bodily condition but any how the late #

the same letter, asked permission to appoint him to the situation of Estimate maker then vacant in the office for which Pulnivaloo had applied, since the Zillah Surgeon did not consider him so far incapacitated as to warrant his being recommended for pension.

4. In their orders on that letter the Govt. accepted Pulnivaloo's resignation, and, as a special case, sanctioned his re-employment as Estimate maker the duties of which office he performed up to the 22d of Decr. last.

Thus it appears that Pulnivaloo was not out of employ for more than 32 days.

5. The Civil Paymaster considers that the service of Pulnivaloo preceding his re-employment in April 1864 cannot count for pension, with reference to the ruling of the Secretary of State dated 24th November 1863 No. 208 published at the end of the Revised Pension Rules. This being the bulk of Pulnivaloo's service will, if disallowed, only leave him 8 months and 11 days as counting towards pension and consequently only a gratuity can be given him.

6. The Governor in Council is not, however, disposed to concur with the Civil Paymaster. It is true that Pulnivaloo tendered his resignation to the Supg. Engineer but the Govt. in the same order in which they accepted it, were pleased to reappoint him as an Estimate maker, so that his resignation can hardly be called a resignation in fact. The Govt. consider therefore that clearly his is a case in which a pension may be given without infringement of rule.

7. They resolve therefore to admit A. Pulnivaloo Moodely to a pension equal to a third of his average emoluments for the last 5 years of his service or Rs. 30-4-4 per mensem from the 23d Decr. 1864 and to report these Proceedings to the Govt. of India for confirmation.
