PROCEEDINGS of the MADRAS GOVERNMENT.

From the Superintendent and Asst for Army Clothing (Here enters 3rd September 1864 No 39)
From the Acting Controller of Military Accounts (Here enters 8th December 1864 C)
Order thereon 15th January 1865 No 18.

The Controller of Military Accounts forwards an application for pension on behalf of P. Mammun Modestly an accountant in the Clothing Department, with a letter and report.
2. The letter is unnecessary, all the information it contains should be embodied in the report, on the reverse of the application. the practice of sending a letter of cover merely adds one paper to the record, and causes loss of time in the preparations and docketing of the letter, and necessitates two signatures instead of one. while it is more difficult for the Govt.

to refer to two papers than to one for information.

3. The report should include all the service, and not only such service as the controller is able to verify. In the case in question the controller's letter would lead to the belief that the service for pension was 20 years; it turns out (the first 5 years being on a salary of \$150) to be very little over 15 - and this information was only obtained by the Gov: after a reference to the controller and from him to the Clothing Department.

4. This inexact & partial mode of report leads only to delay and error, and in fact to an increase of work in the controller's office.

5. Major Drury will take measures for ascertaining the ^{from} ~~high~~ of report submitted by the Civil Paymaster's Department, which is, as a rule, all that could be desired, being terse, and brief, while full and exhaustive, and ^{will} introduce the same ^{from} ~~by~~ in his own office.

Chs.

6. As it appears that P. Monichans' modelly service extends over a period of 20 years, 1 month, 27 days, of which 15 yrs. 2 mos. are in posts qualifying for pension. the Governor in Council is pleased to grant him a pension of \$20.80 - being one third of his average salary for the past five years, to be paid from the Pension Fund of Clerks of the late Army Clothing Office.

7. It appears that the applicant has not ^{yet} been relieved, altho' this should have been done as early as possible after his application was accepted.

8. On his relief, and intimation of the date thereof the usual certificate will be issued.
