To the Offg Superintendent of Stationery
Fort St. George.

Sir. In reply to your letter No 91. dated
27- Inst. I have the honor to inform you
that I have examined S. Kerechistush
thoroughly, and find that his general appearance
is the performance of further service -
He is old, withered, and worn out. He is
toothless and his articulation is consequently
very indistinct; He has also double
lenticular cataract which considerably
impairs his vision. These affections are
the result of natural decay & do not in
any way proceed from dissipated habits.

Sir,

I have the honor to forward herewith, a Report by the Garrison Assistant Surgeon on the state of the health of S. Karakistna Moodilly, a Marker employed in the Stationary Depot, from which it would appear that he is disqualified for further duty.

Karakistna Moodilly was originally, in 1816, a Sandy and Co's Contractor of the Stationary Depot, in which capacity he used to attend at the Depot and mark all packages entrusted to him for despatch. This he did for 30 years without any extra charge. In 1847, when the supply of Carriage for the Stationary Depot was transferred to the Commissary General, Karakistna Moodilly was entertained, permanently, as a marker. He is now far advanced in years, being 72 years of age and physically disabled for work, but, as he bears a good character
