Proceedings of the Madras Government, Public Works Department,
13th February 1865.

No. 284. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Palamcottah, 25th January 1865, No. 2,415 :—

SIR,

1. I have the honor to report that Captain Payne has lately brought to my notice that the "Edith," pearl fishery yacht, lent to the Superintendent of Operations at Paumbem, is in want of repairs, new sails, &c., I have not yet received the estimate which I called for in reply.

2. But on my arrival at this place I am informed that the Master Attendant at Tuticorin is about to proceed to Ceylon to procure sail cloth, &c., for the other yachts in his charge.

3. I beg that Government will be pleased to authorize the re-fitting of the "Edith" at the same time by Captain Phipps, who probably knows her wants since it is only a few months since she left his hands.

4. I will address him on the subject immediately, but as he leaves Tuticorin early next month I cannot lose time in laying the matter before Government.

No. 285. ORDER THEREON, 13th February 1865, No. 427.

1. The Superintendent of Marine will be requested to direct Captain Phipps, Master Attendant at Tuticorin, to arrange for the schooner "Edith" at Paumbem being repaired and re-fitted at the same time as the other yachts under his charge.

2. The Government have on several occasions called the attention of Captain F. Moberly to the necessity for quoting the numbers and dates of previous orders or correspondence relating to subjects subsequently reported upon. This however he has omitted to do in the present case, and much unnecessary labor has in consequence been thrown on the Government Office.
