Mr George Foucea, At 67.

Examiner in the Office of the Secretary to Government P.H.D.

Temperament Phlegmatic

Habits Regular

1st March 1866, Mr Foucea presented himself here on the 22nd ultimo and complained of general debility and impaired vision. He has lost several of his teeth and looks worn and infirm from advanced age. He was put under a course of tonics but his age is the primary and essential cause of incapacity, and as he is, in my opinion, never likely to become efficient by further medical treatment, I recommend his transfer to the Pension list.

N. J. Van Dusen M.D.

Major as
2nd March 1866

Surgeon 1st District

Nº 28

This is to certify that I have examined
Mr. George Fonseca, Examiner in the office of the
Secretary to Government P. R. D. and find that
he is unfit for further service in consequence of ad-
vanced age and impaired vision, and, so far as
I have been able to ascertain, his incapacities
has not been produced by intemperance or other
irregular habits.
