In reply to memorandum No. 25 dated 10th instant the undersigned has the honor to forward the Collector's letter explaining that the degradation notice was in each case penal.

With reference to the general instructions he submits that rather an unexplained degradation should be taken in all cases as penal. This is for the commonest cause and the party concerned has a strong interest in bringing forward any other explanation. If this be not approved a notification should be inserted in the Gazette drawing attention of officers to this new requirement.
