SIR,

I have the honor to forward for the favorable consideration of Government 15 Pension and 18 Gratuity Rolls on behalf of Vaccinators discharged on the reorganization of the Vaccine Department.

2. In submitting the Rolls, the General Superintendent of Vaccination explains that the "33 Rolls now forwarded form only a portion of those who have been thrown out of employ; as the Rolls of others come in they will be forwarded in due course. These poor men have now for nearly a year been thrown out of employ, and have not received their dues as yet, owing to the want of information to fill up the necessary Rolls called for by the Accountant General. I would beg respectfully to request that these may be disposed of at once without further delay". I have therefore submitted this application without waiting for the receipt of every Roll.

3. I beg to place before Government an epitome of the grounds on which Medical Officers have recommended certain Vaccinators for Pension, and the General Superintendent on this subject closes his letter by saying that the "Garrison and

DA & AG. Office

and Civil Surgeons are unanimous in recom-
-mending men of long service for pension, and
" as a similar indulgence is granted to all
" employees in the Uncovenanted service, I
" would cordially support the request made by
" the several Medical Officers in this respect
" for the support and favorable consideration
" of the Principal Inspector General, Medical
" Department."

4. Vaccinators do not belong to that
class of public servants who are eligible to Super-
-annuation Pension, I cannot therefore endorse
the indiscriminate recommendations of Medical
Officers in this respect. It has been expressly
ruled by Government that Vaccinators who may
be reduced on the reorganization of the Depart-
-ment are to be discharged with a Gratuity,
I am precluded therefore from supporting the
recommendation that the 15 Vaccinators enumerated
within should receive a Pension; but would
respectfully recommend for the indulgent consider-
-ation of Government, that the five Seniors
who have ^{now} closed a term of 30 years service, and
upwards should, like two of their brethren in Madras
on a former occasion, receive the Pension of one half
of their average monthly salary, and the rest be dis-
-charged with a Gratuity under existing Regulations.

I have the honor to be
Sir,

Your most Obedient Servant

SIR,

With reference to your

No.

dated

I have the honor to forward Letter of Principal
Inspector General Medical Department No. 69 dated
22nd February with 21 of the rolls therewith received
bearing the usual report, Gratuity only can be
granted, yet if pension were under any circumstances
admissible some explanation might be demanded
of the principle which induced the Inspector General
to seek pension for a man of 15 years service and only
gratuity for one of 24 years.

The two men spoken of at the end of the
Inspector General's letter had served 47 & 36 years res-
pectively and the grant of the pensions was confirmed
by Secretary of State's 165 dated 9th July 1864 Communicat-
ed in Government of India Financial Department 2080
dated 24th August 1864.
