School Master of the Penitentiary
Temperament - Lueophlegmatic
Habits - Temperate*

23rd April 1866. At the request of the Commissioner of Police, this individual appeared before me on the 13th Instant, with a view to obtain a dis-qualification-Certificate. He complained of giddiness, general debility, and loss of vision of left eye. He is reducing in flesh, and looks feeble from old age; his appetite is good; he eats and sleeps well; and his bowels are regular.

He has undergone a course of tonics, but his ailments are evidently owing to advanced age, and he is not likely to benefit by medical treatment. He is recommended to be transferred to the Pension Establishment.

This is to Certify that I have examined
 Ram Pow, School Master of the Penitentiary,
 and find that he is unfit for further service
 in consequence of old age and infirmity, and,
 so far as I have been able to ascertain, his
 incapacity has not been produced by in-
 temperance or other irregular habits.

Memorandum

With reference to Memo No. 175 of the 18th Instant from the Examiner of Claims the undersigned has the honor to forward Copy of the Statement furnished to the Civil Paymaster shewing the names of Persons employed at the House of Industry as they stood on the 30th April 1851 in which the name of Schoolmaster Rame Rame will be found, and to state that his name appears in the Office Copy of the Monthly Abstracts of the Maori Police House of Industry for the Month of September 1850 and on successive Months until 1857 when he was transferred to the Maori Penitentiary. His name must therefore appear in the original abstracts forwarded to the Civil Paymaster. The G. O. authorising a Schoolmaster to the House of Industry cannot be traced, but the appointment apparently dates from the time when the institution was first founded and as the present incumbent succeeded to the Post in September 1850. His service may be considered of a permanent nature.
