Sir

In acknowledging the receipt of your letter dated 23rd ultimo No. 1315, with its enclosures, I have the honor to state that on duly examining the records of this Office, in order to ascertain the Services &c. of the 6 vaccinators named in Mr. Ross' letter to your address dated 2nd November last I find that the Services of Hothunda Ramiah as vaccinator in this District amount to 11 years 6 months and 22 days, whereas in the list submitted by him, 33 years, 5 months and 2 days are stated to be the total period of his Services, but there are no means in this Office to account for the difference as the vaccine Establishment appears to have been transferred to the Collector's Office in the year 1853. A descriptive Roll shewing his Service and other requisite information has been prepared in Manuscript and herewith submitted for your approval.

Sir

With reference to the Accountant Generals Endorsement on the accompanying Pension Roll I have the honor to state that it is impossible to prove decisively that the Vaccinator therein mentioned was continuously employed from February 1835 to April 1865.

The accompanying documents numbered 1. 2. 3. and 4 respectively show however first, that he was emply in February 1835 as a 2nd class vaccinator and that on the 17th December 1840 he was promoted to 1st class. Second. That he had been doing his work well for 4½ years previous to 1st April 1850 and third. That from 1853 when the Vaccine Establishment was transferred to the Collector's Department he was continuously employed up to April 1865. No 4 is a copy of statement of his services furnished to me by the Collector.

I have given his total service as 30 years 1 month and 29 days calculated from date of original appointment.

There may be some doubt as to whether the papers now enclosed prove continuous service yet, in the absence of all proof to the Contrary, they furnish, I think, strong presumptive evidence that Hothundapamiah was uninterruptedly employed.

I have the honor to be
