

No 227
Report of the Asst. Dy. Accountant General

The Collector founds his application on alleged Service
12 years from 1st August 1850 to 31st July 1861. I can only certify of
i.e. from 1st March 60. In the earlier ten years there is no qualified
Service as is evident from the Collector's Statement dated 21st Dec.
The man was a native curmum who once or twice held for a
time a higher post probably acting; from these payments he
no claim, & employment or native Curmum gives none. &
employment too cannot be verified & only the lump cha.
generally shown - I fear a claim to more than 4 months pay
be admitted.
