to Government

Sir,

Para 1 Agreeably to the orders of Government communicated by Mr. Secretary Chamier under date the 14 Ultimo instructions were immediately issued to the Principal Collectors of Tanjore, Canara, and Cuddappah, respectively, to discontinue the Establishments attached to the additional Sub Collectors in those Districts, and to furnish them with servants from their own Catcheries. The accompanying* letter which has been received from the Principal Collector of Tanjore in reply to the Boards instructions I am directed to transmit to you for the consideration of the Right Honorable the Governor in Council.—

* From the Pl Collr 4 Octr/30.

2 Mr. Kindersley represents that an additional Sub Collector

was granted by Government for the express purpose of assisting the Collector in the arduous task of introducing a survey field assessment. On the completion of this work throughout the District, he observes, he has always contemplated the resignation of this additional aid, but his sense of duty compels him to say "that this entire reduction at the present moment of the Establishment of the additional Sub Collector through the medium of which the Survey assessment of 4 Talugs has been conducted with their accounts incomplete, & all detailed information resting with them would lead to such confusion as almost to cancel their previous labor" he accordingly requests that he may be permitted to continue the Establishment on a reduced scale until the completion of the Assessment of the Division & the accounts connected with it which he trusts will be accomplished by

by the end of the current Fusli. The situation of Deputy Sarishtadar in his own Katcherry being vacant he proposes to give his pay to the Sarishtadar of the Sub Collector, and to discontinue the Magistrate's Establishment in the Sub Collector's Katcherry and one half of the Revenue Peons. By this arrangement the charge of the Establishment will be reduced from Rupees 640 to Rs 318 per mensem.

3 The Board think it expedient for the reasons stated by Mr Kindersley to continue the Duftur Establishment of the additional Sub Collector until the completion of the assessment of the Division under his charge, but it appears to them that the Establishment proposed to be continued will admit of some reduction. They think that the Head Sawalnavis with a Sawalnavis under him will be sufficient for that Department

and that the pay of the two should not exceed 50 Rupees, the charge for them in the Principal Collectors list is Rupees 66. 8 -. It appears to them also that the peons which it may be necessary to attach to the additional Sub Collector may be furnished from the Establishment of the Principal Collector and the Senior Sub Collector deducting Rupees 16-8-- from the charge for the Jwabnavises and the whole charge for peons the remaining charge will be Rs 211--- per mensem, which they recommend to be sanctioned. The decrease below the charge of the former Establishment will be Rs 429--- per mensem

Proposed charge per mensem	308-..--

2 As the Principal Collector of Tanjore considers the continuance of any portion of the Establishment of the additional Sub Collector to be necessary, the Right Honorable the Governor in Council desires that it may be left to him to determine what particular Servants shall be retained, but that he be required to revise the General Establishment of his District, and to make an immediate reduction therein to the full amount of the present monthly charge for the entire Establishment of the additional Sub Collector.

To The Ag Principal Collector

Sir Government having been pleased under date the 11th Instant, to sanction a revision of the Maramut Establishment in the Provinces under this Presidency; I am directed by the Board of Revenue to forward for your information and guidance copy of the orders relating thereto, and an Extract from the statement of the Revised Establishment fixed for your District —

You will observe that it is not intended to regulate the number and pay of your Maramut Servants immediately by the Establishment now sanctioned, but the Board expect that you will be guided generally by the Scale, conforming to it as vacancies occur, and circumstances permit, whenever intelligent and perfectly well qualified men are procurable —

The Board further direct that detailed statements of the Maramut Sibbandy may in future be invariably submitted with the annual Estimates and Bills showing distinctly the sums disbursed on account of the temporary Establishment in addition to that permanently fixed —

Sir

I am directed by the Board of Revenue to call your attention to the charges in your District for Superintending the performance and preparing the Accounts of the Maramat works, which are considered extremely high when compared with the quantity of work executed, and to request that you will forward at your earliest convenience a statement of the Establishment entertained during the present year for that purpose, distinguishing the permanent Servants and charges from those that are temporary —

2 You will at the same time be good enough to point out in what manner, and to what extent the expenditure can be reduced without injury to the Public interests. In many cases, it is believed, that the ordinary repairs may be superintended by the Revenue and Police Establishments of Tahsildars with little or no additional assistance beyond that of a Maistry, as is already the case in several Districts, and that in almost all

the present number of servants may be considerably diminished—

Fort. Saint. George

Sir

1 I have the honor to forward a Statement of the Establishment entertained during the present year for superintending the performance and preparing the accounts of the Maramut Works in this District as directed in your letter of the 24 Ultimo—

2 The total amount is Rupees 6376-8-- There are no temporary servants or charges-

3. The Huzur Sibbendy consists but of 2 Gumastahs and a Writer—

4 Throughout the Diaries of the Civil Engineers great stress is laid upon the scarcity of Maistries and the necessity of one being employed in each Taluk. Still however but 12 are employed in 15 Taluks and it will be seen that their pay is moderate, one of them receives but 10-8-- which it is proposed to increase to 14 —

5 The Superintending Maistry receives Rs. 100 per mensem which is certainly a hand=some salary but not more than the responsibility of his situation, his good conduct and zeal in the performance

of his arduous duties (to which the diaries of successive engineers bear ample testimony) fully entitles him to receive—

6 In the 8 Taluks in which the business is the heaviest 8 Gumastahs are employed and 1 in each of the Sub Collector's Cutcherry, One of these Gumastahs receives 14 Rs which may be reduced to the salary of the remainder Vizt 10-8-„- One Peon of the Superintending Maistry may also be dispensed with or 3-8-„-—

7 It must be observed that the Monigar and Canilgars are in fact a Neeranicum Sibbendy for the distribution of water and the protection of Jungle and Durbah grass in different places and as such should properly be entered in the Ayen and not in the Maramat Sibbendy—

8 The annual amount of Maramat Sibbendy will thus be reduced to Rupees 5694 being Rupees 682-8-„- below its present amount. It must be remembered that besides the works entered in the Estimates and statements of works performed the Maistries in this District have to superintend what is called coodie—

Maramat

Maramat or repairs executed by the Mirasidars themselves to a very considerable extent and it is believed that the proportion of Masonry to Earthworks is much larger in Tanjore than elsewhere, and works of the former description require the constant personal attention of a well qualified person during their execution whilst the latter requires little more than measurement after the work is completed—

Memo

× Letter dated 22nd Feby. 1867 No. —

1 The undersigned begs to submit the following explanation on the remarks× of the Accountant General regarding the Pension application on behalf of Gundopa Row —

Remark No. 14

2 Copies of Government letter to the Board of Revenue dated 16th November 1830 No. 1010 and Government Order dated 11th November 1840 No. 1247, have been already sent to the Collector with letter No. 92 dated 26th January 1867. The English Record Keeper reports that there is no Government order to be found on the Maramut records from 1800 to 1835 shewing the details of the Maramut Establishment in which the applicant was employed from 1st December 1831 (not 1832) to 31st December 1835. There is however a Circular letter from the Inspector General of Civil Estimates dated 24th May 1830 No. 114 and a reply thereto from the Principal Collector dated 28th June 1830 giving particulars of the Establishment in this District copies of these letters are herewith forwarded —

Do. No. 15

3 It appears from the office copies of the annual returns, that the names of individuals on the Maramut Establishment have never been included in those returns which appear to have been intended only to

shew the Revenue Establishment. Consequently the Services of the applicant from 1832 to 1835 and from 1842 to 1844 on the Maramat Establishment cannot be verified from returns for those years. As to the nature of his Services on the Maramat Establishment the copy of the Principal Collector's reply as well as the Government Order dated 11th November 1840 both referred to in the preceding para, will shew clearly that it was of permanent one –

4 The period of Service of the applicant Remark No. 16 before 22 years of Age is exactly 2–11–5 he having been employed in the Government Service at the age of 18 – ,, – 25 (3 ,, 20) but the total period of service amounts only to 35 – 6 – 14 and not to 35–6–22, as 8 days should be deducted as excess in calculation, for broken periods of Months consisting of 31 days as has been entered in the draft application first furnished from this office and as per corrections made in pencil in the original application herewith returned –

Gundappa Row was transferred on the 1st December 1831 from a post of Rs 17-8-0 to one of Rs 10-8-0 on account of the Combaconum Division Huzzoor having been Abolished at that time and as no appointment of an equal pay (Rs 17-8-0) was then available.

The transfer on a lower pay which it would appear from the Service list took place on 1st June 1862 was owing to no misconduct of the Applicant but merely because the Collector found him holding an appointment viz Translator to which his ignorance of English made him incompetent.

Service qualifying for pension is proved for a total period of...	31	2	14
	Rs.	**A.**	**P.**
In the last 5 years of his service the average pay of the applicant's permanent post was	54	9	5

Applicant is eligible to a pension of Rupees 27-4-" per mensem, equal to a moiety of his average salary during the last 5 years, under Clause III of Section 6 and sections 7 of the Revised Pension Rules.

As the applicant appears from the period of his service up to 14th September 1866 to have been first employed in Government Service at his age of 17-8-0 the period of his service before 22 years of age is years 4-4-0 and not years 2-11-5 as given by the Collector. The correct net period of Service is therefore entered in this report.

~~2 The applicant's salary for the last 5 years is Rs 57-11-11 and not Rs 54-9-5 as given by the Collector.~~
