2. Four Rupees a Month throughout -

9. The date of his entry in the Govt. Service was 8th March 1833 as per record and the date on which he was thrown out of employ 25th April 1863 - His services therefore extend apparently over 30 years - There are no records to show whether the incumbent had either any break in the service or any degradation - He has a few testimonials, but they are not continuous. The applicant is not at present in this District, so an affidavit cannot be immediately obtained from him to certify that there was no break.

1st August 1829 the date of his first employ in the Madurantakam Taluq. Nothing else is known.

Three Rupees and Eight Annas a Month throughout.

The alleged service of 31 years and 15 days is proved from the Records.

Character good on the whole.

The pay abstracts of April and May 1844 say that the incumbent was suspended, but how long does not appear: the pay abstracts of the succeeding Months have been destroyed. His name appears again in the abstract of June 1856 and in those of the following Months. But a special Service list that appears to have been prepared in March 1849 and which is forthcoming says that his service at the time was 20 years and eight Months. From this date up to 15th October 1860 the date on which he was thrown out of employ; his service amounts to 31-2-15. Deducting the known period of suspension (two Months) the period of service is 31 years and 15 days.

He was never degraded.
