This is to Certify that I have examined
Mangaputhey, Record Attender in the Revenue

further service in consequence of advanced
pulmonary disease, and old age, and so far as
I have been able to ascertain his incapacity
has not been produced by intemperance or other
irregular habits.

This individual appears to have obtained leave on account of his health, and on his applying for an extension, he received a memorandum, dated 19th Decr 66, to produce a medical certificate in support of his application.

This brought him here on the following 22nd of that month, when he was very much reduced in strength, suffering with fever, cough, copious mucopurulent expectoration, loss of appetite, occasional exacerbations in the evening, and night sweats.

He was put on fish liver oil and minute doses of morphia, and Coconut oilunction.

He is now much worse - very considerably emaciated, and has oedema of the lower extremities.

Having been called upon to furnish him with a disqualification certificate, I have no hesitation in granting him one, as there is no hope of his ever becoming efficient for duty.
