*Proceedings of the Madras Government, Marine Department,
19th December 1866.*

No. 18. Read the following letter from the Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George; dated Madras, 4th December 1866, No. 4466.

The Government were pleased, on the recommendation of the late Marine Board, to grant a pension of four Rupees a month to the widow of a Lascar of 17 years' service, who was killed by the breaking of the topmast of the Flagstaff at Tellicherry, to be continued until her nephew, who was then stated to be 15 years of age, was provided with Government employment.

2. The Collector of Malabar informs me that an error was made in the original report in stating the nephew's age to be 15. There was a relation (the widow's mother's sister's son) whose age was then erroneously given; but the real nephew (her sister's son) was then only a child, and is now but 20 years old.

3. This lad shows no desire to serve Government, and his aunt complains that he in no way assists in supporting herself and children, who are all females. Under these circumstances, the Collector asks that her pension shall be continued for life, and considering that her husband bore an excellent character, and was killed in the execution of his duty, I beg to support his recommendation.

4. The pension will be a legitimate charge on the Port Fund.

No. 19. ORDER THEREON, 19th December 1866, No. 293.

Under the circumstances stated, the Governor in Council is pleased, in accordance with the recommendation of the Collector and the Superintendent of Marine, to continue the monthly pension of (4) four Rupees to Oomatha, widow of Lascar Moosah, who was killed at Tellicherry in 1854, for the term of her life.

2. The amount of the pension will be chargeable on the Port Fund.
