This is to certify that I have this day examined Mullon Saba Row, Vernacular Accountant on Establishment of Collection of Bellary, and find him worn out by age and long service. Although he states his age to be but 54 he has all the appearance of a man fully 10 years older. He also suffers much pain and inability to move about with freedom since a fall from a bandy which he met with 9 months ago, by which the left hip was a good deal injured. He has not been under regular medical treatment, nor is he likely to be materially benefitted by it now. I have no reason to believe his condition due to irregular or intemperate habits. I am of opinion that he is unfit for any further service.
