ORDER THEREON, 2nd March 1867, No. 94.

The Governor in Council is pleased to grant J. Muniyappa Moodelly, Taluq Overseer on the establishment of the Superintending Engineer, 5th Division, Cuddalore, a monthly pension of Rupees (22-4-0) twenty-two and Annas four, equal to a moiety of his average salary for the last five years, under Clause 3, Section 6 of the Revised Pension Rules, payable with arrears from the 1st December 1865.

2. The grant of this pension is, however, subject to the confirmation of the Pensioner's Medical Certificate by the Deputy Inspector General on his visit to the station, as required by paragraph 3 of the Notification of 28th September last, published in the *Fort Saint George Gazette* of 2nd October 1866, page 450. This point has not been noticed by the Examiner of Claims in reporting on the case.

3. Considerable delay took place in the submission of this application ; in the first instance, by the Superintending Engineer, who, although the applicant was removed from his establishment after the 30th November 1865, took no steps towards obtaining pension until the 25th April 1866. Colonel Foord's explanation on this point, the Government cannot consider satisfactory.

4. There is nothing to show on what date the application was received in the Account Office, but the Government gather from the after correspondence that it was received sometime in April 1866. The papers are finally forwarded to Government on the 12th February of the present year.

5. Allowing for the delay occasioned by correspondence with other offices on matters connected with the application, the Government still think that greater delay than was actually unavoidable has been allowed to take place in the settlement of the case ; a delay resulting in great inconvenience to the individual concerned.

6. The Superintending Engineer neglected to observe the express and often repeated orders of Government, by removing the applicant from the effective establishment before obtaining a Medical Certificate of incapacity.
