Sir, With reference to Memo 2520 of 10th inst referring Docket of Examiner of Claims regarding the services of the 2 Peons being borne out by Official Records, I have the honor to enclose Copies of the only two Documents that can be found amongst the Records of the Depôt.

2. The Records on hand in the Depôt, commence from the latter end of 1860, and as this Institution was formerly in conjunction with the Chintadrepettah Dispensary, the Records connected therewith have been lost sight of.

3. Vaccinator Nero and late Vaccinator Coomarasawmy, however, affirm that Peon Sabapathy was attached to the Vaccine Depôt for years before they joined; but there is no Official Document to prove this, other than the Nominal List now forwarded.

2. The taking by Magistrates and Justices of the Peace of extra judicial affidavits and declarations is a practice which is by no means uncommon in this Country and which cannot be too strongly reprobated. At best such Documents are wholly useless, being inadmissible in evidence in any Court of Justice and acquiring no additional validity whatever from the form of an oath and a Magistrates signature having been adopted. But beyond this there is always the danger that Documents purporting to be so attested may be regarded by persons unacquainted with the ordinary principles of law, as having an intrinsic validity, which they do not actually possess, and that the Documents may be accordingly misused

3. Putting out of question those cases in which, under particular Statutes, declarations before a Magistrate or Justice, are, for particular purposes, made evidence, no such functionary has any power to take affidavits

not entitled in a Cause. A Justice of the Peace has, (save as aforesaid) nothing to do with affidavits, and if a Magistrate has Civil Judicial Powers, he cannot take an affidavit otherwise than in the Course of a Civil Cause depending before him.

4. Govt. must add, with regard to the particular cases of affidavits, that the Magistrate, even if he had had the legal power, ought not to have given the sanction of his attestation to documents, which, on the face of them, disclosed an attempt to interfere with the lawful action of the Military authorities.

No. 134. Order thereon 10 Sept 1867 No. 1474

Ordered that the foregoing papers be communicated to the several Magistrates in the Provinces for their information.

Sir

I have the honor to acknowledge receipt of Docket No. 27 of the 3rd Instant drawing my attention to the frequency with which gratuity Rolls of the Vaccine Dept. are returned by the Examiner of Claims. — In reply thereto I beg to offer the following explanation. ——

2. — The information now called for in connection with the gratuity Rolls for the two Peons, are for men who were in the Service prior to the reorganization of the Vaccine Department and there are no records or other documentary evidence to supply such information generally. ——

3. — On each occasion that the Gratuity Rolls are submitted, the Examiner of Claims in a measure calls for additional information not previously asked for, had these been called for at the onset when the new forms of gratuity Rolls were required they could have been submitted at once, to such extent only as the data available at my command will allow. ——

4. — As regards the Affidavits required for

for the two Rows, the Deputy Magistrate refused to grant them under a recent order of Government. — The Original letter of the Magistrate and that of the Deputy Inspector of Vaccination — Madras Circle were attached to the Rolls and forwarded to your Office on the 13th of December last, vide my letter No 1307 dated Nagalore 11th December 1867. —

5. —— With reference to the explanation required as to why the Medical Certificates are produced at so late a date, I can only observe that they were furnished when called for, namely in December 1867. whilst the Original gratuity Rolls were forwarded from this Office in June 1866 —

6. —— Such other information now called for is supplied and the gratuity Rolls herewith resubmitted.

7. —— In conclusion I would beg to state for the information of the Inspector General that gratuity Rolls of some of the old Vaccinators are also frequently returned to me for further information which I am unable to supply, as these men served in the different Zillahs under the orders of the several Civil Surgeons, and therefore I am obliged to forward Rolls to the Medical Officer in charge of the Zillah to which the Vaccinators belonged to fill up the necessary information, but they are slow in being returned and frequently incomplete, so that I am in no way responsible for the incompleteness of such documents as they merely pass through this Office; under the circumstances I would respectfully suggest, such documents being returned from the Inspector General's Office to the different Zillahs direct in future which I think would tend to their being more correctly filled in, and promptly returned.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter

From the Secy. Inspr. Genl. Indian Medl. Departt. (H.E. 28th June 1867 No. 2335)
Reports of the Examiner of Claims (" — 25th Feby. /68 Nos. 49 ~~115~~ & 50 ~~116~~)

Order thereon. 23rd May 1868 No. 157.

The above are applications from the Superintendent General of Vaccination for gratuities to two of his Peons, named Laulameyan, & Sabapathy, who are unfit for further service, after services of respectively 13 y. 3 m. 14 d., & 38 y. 6 m. 10 d.; & are reported eligible for gratuities of Rs. 28, & 42.

2. These men appear to have been relieved in June 1866, but no Medical Certificates were furnished until Decr. 1867, & the explanation

=tion given by the Superintendent General is, "~~I can only believe~~" that they were furnished when called for". From this it would seem that Dr. Shortt was not acquainted with the ~~ignorant of the existence in the Code of~~ rules for the grant of pensions, since in them, the necessity for Medl. Certificate before the relief of the applicant is clearly laid down. The Govt. cannot accept as satisfactory a plea of ignorance of rules, which affect every Department, & which have been most widely disseminated, & ~~they~~ ~~[illegible]~~ desire that on future occasions, applications from the Vaccination Department ~~will~~ be ~~most complete & formal~~ submitted in accordance with these rules.

desire

3 - The Govt. see no reason why the correspondence between the Examiner of Claims & the Superintendent of Vaccination should not have been direct - The case

was

was not one in which the passage of the various enquiries & replies through the office of the Inspr. Genl. Indian Medl. Departt. could be productive of benefit, & in fact in no instance was anything gained by the reference to him. The only results have been loss of time, & addition of labor to the Inspr. Genl's Office.

4 The delay in the production of medical Certificates renders an application to the Govt. of India necessary, & their consent to the grant of the gratuities ~~[illegible]~~ recommended will be sought.
