The Applicant states that he was in 1848 appointed to act for 1½ years for a suspended peon and then held the post of a peon in an Estate placed under Sequestration from August 1850 to January 1852. As the above service does not count towards pension, it was not taken into account. The applicant further alleges that he was in February 1852 appointed to the post of peon in the Cannudi Division which he held up to December 1854, but the records of that period having been destroyed there is no means of ascertaining the correctness of his statement. I have not however taken steps to procure other evidence; for even if that period is added to his service, he would not get a higher rate of gratuity than what is now recommended.
