In reply to your letter of the 12th ultimo No 2625, I beg to inform you that the medical certificate upon which Cheluvaiya was pensioned has not as yet been confirmed. It will appear from the accompanying copy of letter from the Civil Surgeon of Coimbatore Dated 21st July, that the Deputy Inspector General of Hospitals visited this station on two different occasions in the early part of this year, but that his stay on each occasion was only for one day. My office received no intimation of his intended tour of inspection, and consequently the two opportunities were lost. I have now requested the Civil Surgeon to give me timely information of the date on which the next inspection will be made by the Deputy Inspector General in view to my sending Cheluvaiya for re-examination, and when this is done, the result will be duly communicated to you.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 19th October 1868.

Read the following letter from A. WEDDERBURN, Esq., Collector of Coimbatore, to the Acting Secretary to the Board of Revenue, dated 7th September 1868, No. 235:—

I HAVE the honour to bring the case of pensioned Treasury Native Head Accountant S. Cheluvarayah, to the notice of the Board and Government.

2. This officer having been certified to be incompetent, by age and infirmity, for the performance of his duty, namely, that of Head Vernacular Accountant in the Collector's office, was admitted to pension in 1866, subject to the confirmation of the Deputy Inspector General of Hospitals.—See Proceedings of Madras Government, dated 8th December 1866, No. 377. A final certificate was delayed from various reasons, namely—

1st.—The first visit to Coimbatore by the Deputy Inspector General after Cheluvarayah was pensioned, was in March 1867, when he stayed only one day at Coimbatore, as will be seen from the accompanying copy of letter from the Civil Surgeon, dated 21st August 1867, and no intimation was received at this office of his arrival.

2nd.—His second visit to the district was in May 1868, and knowing that he was at Ootacamund, I sent the pensioner to him with a letter, dated 26th idem, but before he could see him, he (the Deputy Inspector General) left the place.

3. Finally, Cheluvarayah appeared before the Deputy Inspector General of Hospitals at Trichinopoly, on the 4th August 1868, and was declared fit for further duty.

4. The man, as appears from my personal inspection, looks about sixty, is dim-sighted, feeble in mind and body, worn out and incapable of performing the duty of his office, or even of one subordinate to his. He could not be re-employed without manifest injury to the Public Service, and in such capacity would be more costly than the amount of his pension, to which, after twenty-eight years of service he has a claim. I, therefore, recommend that, as a special case, his pension be confirmed to him.

ENCLOSURE No. 1.

From W. H. ROBERTS, Esq., M. D., Civil Surgeon, to the Collector of Coimbatore, dated 21st August 1867, No. 102.

IN reply to your letter, No. 250, of the 19th instant, I have the honour to inform you that the Deputy Inspector General of Hospitals, Southern Division, inspected this station on the 9th of March this year, stayed one day here, and went on to Coonoor, Wellington, and Ooty.

2. His inspection tour generally occurs in the first quarter of the year, namely, January, February, or March.

3. The inspection previous to the one above noted, is dated 17th January 1866.

to examine any claimant for pension. At last the man was sent to Trichinopoly where he appeared before a Committee and was certified fit for service on 4th August after drawing pension for 2 years, 1 month. The Accountant General has stopped the payment of the pension.

It is probable that the applicant's health has been partially restored by this long rest. On the other hand had he continued at work, he would now have served 30 years - 3 months, 4 days, and be entitled to a half pension for good service without Medical Certificate.

It remains for the Govt. to decide if the original pension is to be confirmed, or the applicant to be reemployed until he completes two years more service, or is again pronounced infirm.

In future it will, I submit, be better that whenever necessary applicants for pension should at once proceed to the Deputy Inspector General's Head quarters for examination, rather than wait his inspection visits which are not always at certain intervals.

Orders are requested.
