Venerable Sir,

I beg to submit the following
for your favorable consideration. -

On the 1st 1867
I have received an official notification
from the Rev. H. P. J. as the President
for the Church Committee - to the
effect that my services will cease
to exist from the 1st of that month,
and at the same time signifying
their readiness to recommend me
for a retiring pension.

To my Petition of the 4th
February (which time I have
not been favored with any answer)
The Domestic Chaplain Reverend
O. Davis has replied to me to state
that the Bishop has desired him to
inform me that he cannot interfere
in the matter of my Petition inas-
much as I have made my ap-
plication for a pension through
you.

Again

16th Feb 1868.

Again on the 12th March
the Domestic Chaplain has written
to me from Madras to state to my
several letters, that he had already
spoken to you on the subject, and
suggested to me the expediency of
moving you in the matter.

It would be superfluous
for me to write at length on the
distressed condition to which I have
been reduced from a suspension of
the orders of Government - I would
most earnestly solicit of you to do
me the favor to write more
to Government & at the same time,
to forward this my representation, &
in doing so, to ask them either to allow
me to continue in my post as before,
until the result of the Government
order is known, or to grant me my
pension with arrears at an early
date as possible.

In submitting for your in-
formation Printed Copy of my tes-
timonials, I beg that my claims
may be strongly represented to
Government, in consideration of my
long service during one continuous
period, for an increased pension,
a boon

a boon that was granted to a
Mr. Lawrence Clerk of the Cathedral
at Madras.

I beg leave to be
Venerable Sir,

Your most Obedt. Servant.
