PENSION DEPARTMENT.

NOTIFICATION.

Fort St. George, April 17, 1866.

The Accountant General having represented to Government the serious inconvenience which is experienced by his Department, in checking applications for pension on behalf of Uncovenanted Servants, owing to the neglect of Heads of Departments to supply the necessary information in a complete form when submitting the application, or owing to the applications not being prepared in conformity to the Rules in force, whereby great delay is caused, and the Accountant General's Office is burdened with unnecessary labor, the Right Honorable the Governor in Council, resolves to call the attention of all Heads of Offices to the Rules regulating the grant of pensions to Uncovenanted Servants, and to enjoin on them the necessity of preparing their applications in strict conformity with the Rules in question. All necessary information should be contained in the Register itself, so as to obviate the frequent after-references which result in the inconvenience complained of by the Accountant General, and cause delays which cannot but be felt oppressive by the applicants for pension. It is the duty of District Officers to convince themselves of the truth of the facts stated, and to see that the applications are admissible under the Rules. The Governor in Council desires to impress on Heads of Offices two points in particular in connection with applications for pension which are at present too frequently disregarded.

1st. When a public servant applies for permission to retire on a pension, the Head of the Office in which he is serving should explain to him the several steps to be taken by him for the purpose of obtaining his pension, and his pension Register should be at once drawn out and forwarded with the requisite papers to the proper quarter. In preparing this document care should be taken that all the information for which space is given in the forms is correctly furnished. The requisite information in regard to the age, height, distinguishing marks, &c., of the Candidates, is often omitted.

2. No public servant should on any account be retained on the effective Establishment after he has been duly declared by a competent medical authority to be unfit for further service, but immediate steps should be taken towards providing him with his pension.

By Order of His Excellency the Governor in Council.

A. J. ARBUTHNOT, Chief Secretary.
