*Proceedings of the Madras Government, Pension Department,
25th August 1869.*

Read the following papers :—

From the Acting Civil and Session Judge of Vizagapatam, to the Examiner of Claims, Madras ;
dated Vizagapatam, 29th April 1869, No. 312.

I have the honour to forward a Register of Application for pension for Safhar Narasinga Ravu, late Record-keeper of this Court, together with a medical certificate.

2. His service has been verified from the records of the different offices in which he has served.

3. He has never been under the treatment of any European Medical Officer, and, as stated in the medical certificate, is unfit for further service, as his general health, by reason of advancing years, is broken down.

4. He was relieved from duty from the 17th June 1867 as he was found unable to perform his duties any longer ; but, as the records were in such a state as to prevent charge being given and received in a formal manner, and the records of no less than fifteen pending appeals were then missing, I was obliged to postpone taking the necessary steps for his pension until he had delivered the greater part of the charge, and to submit his register now as he completed it. Hence the medical certificate is dated some time after his retirement.

5. I must, however, in justice to him, bring to notice that while he was so engaged in arranging them, there were unexpected heavy rains, that several records had got wet as the Engineer Department were then making certain improvements to the Court House, and that his work was in consequence greatly retarded, but he has to blame himself for not keeping them in an arranged state previous to it.

6. There is nothing on record against his character, and the difficulties he had to contend with for not being able to conduct his duties satisfactorily subsequent to June 1863 are stated in the register.

7. There is a break of nine years and ten months in his service, and, though the Government might see it fit, under the circumstances stated in the register, to deal with him as an abolished servant, (in which case alone he will be entitled to half instead of one-third pension,) yet, in consideration of the wretched way in which he has worked for several years, I cannot recommend that he be allowed more than the one-third to which he is strictly entitled.

N. B.—The draft of the above letter was signed by my predecessor on the 15th instant, but the fair copy could not be signed by him as he delivered over charge of the Court to the Principal Sudder Ameen on the 16th idem.

Applicant will be eligible to a pension of Rupees 11-8-0 per mensem, equal to one-third of his salary during the last five years, under Clause 2 of Section 6 of the Revised Pension Rules, should Government be pleased to accept the explanation given in the letter of the Acting Civil and Session Judge of Vizagapatam of the 29th April 1869, No. 312, herewith accompanying, with

reference to the cause of delay in the submission of application until 29th April 1869, and to the applicant's submission of medical certificate dated 3rd August 1868, instead of on or before his retirement from Government service. The sanction of the Government of India to the grant is necessary.

The applicant's service of two years, one month, and twenty days in eligible grade, viz., from 18th August 1831 to 6th October 1833, has not been deducted by the Civil Judge from the total period of twenty-six years at foot of the statement of service: the correct period is, however, given in this report.

(Signed) T. TREVOR,
Officiating Examiner of Claims.

To the Chief Secretary to Government, Fort Saint George.

I, Hunter Adam, Civil Surgeon of Vizagapatam, do hereby certify that Safhar Narasinga Ravu, late Record-keeper, Civil Court of this place, is, by reason of old age and debility, unfit for further service. He is by statement 60 years of age, by appearance I judge him to be no less. He suffers from asthenia, dyspnoea on slight exertion, digestion impaired, general health by reason of advancing years broken down, unfitting him for the discharge of his duties. He is unfit for further service, and, to the best of my judgment, such disqualification is not the result of intemperate or irregular habits.

ORDER THEREON, 25th August 1869, No. 274.

The foregoing is an application for pension submitted on behalf of Safhar Narasinga Ravu, late Record-keeper in the Civil Court of Vizagapatam, who ceased to serve on the 16th June 1867, having then served for pension twenty-three years, ten months, and ten days. The application is supported by a medical certificate, dated 3rd August 1868, and was submitted on the 29th April 1869. The applicant's character during service appears to have been, on the whole, good, although the circumstances about to be noticed seem to show that he was grossly inefficient during the latter years of his service.

2. The delay in obtaining the medical certificate and in the submission of the register is accounted for by the Civil Judge, in paragraph 4 of his letter to the Examiner of Claims, dated 29th April 1869, as follows:—

"He was relieved from duty from the 17th June 1867 as he was found unable to perform his duties any longer; but, as the records were in such a state as to prevent charge being given and received in a formal manner, and the records of no less than fifteen pending appeals were then missing, I was obliged to postpone taking the necessary steps for his pension until he had delivered the greater part of the charge, and to submit his register now as he completed it. Hence the medical certificate is dated some time after his retirement."

3. The Government observe that the man should not have been relieved from duty until medically certified to be unfit, and that, even had it been necessary to take this step on a sudden, he should have been at once sent for medical examination, and the certificate used or not according to the determination ultimately arrived at regarding the submission of an application for pension in his favour.

4. It appears also from Mr. Thompson's letter that he had been aware of the applicant's inefficiency and the "wretched way in which he worked for several years." Under these circumstances steps should have been taken to have him pensioned before the state of things described in the Judge's letter came to pass.

5. Having regard to the circumstances under which the applicant was relieved from duty, and his age, fifty-eight years, at that time, His Excellency in Council cannot doubt that he was then really unfit for further duty. He accordingly resolves to overlook the delays which have occurred, and, in consideration of the applicant's nineteen years of good service, to grant to him, subject to the confirmation of the Government of India, a pension of 11 Rupees and 8 Annas per mensem, being one-third of his salary for the last five years of his service.

Under Secy. to Govt.

12th April 1869.

No. 169. Read the following letter from the Acting Registrar of the High Court of Judicature at Madras, Appellate Side, to the Chief Secretary to Government, Fort Saint George; dated Madras, 18th March 1869, No. 529.

The Chief Justice and Judges of the High Court have, for some time past, observed, with great regret, the state of the Civil and Subordinate Courts in the Vizagapatam Zillah, and have on more than one occasion recorded their opinion that arrears are allowed to accumulate on the files unnecessarily. In March 1867 an additional Principal Sudder Ameen was appointed for one year to assist the Civil Judge in reducing the arrears in the Civil Court, and again, in April 1868, the Government were pleased, on the recommendation of the High Court, to sanction the Principal Sudder Ameen's remaining until the adjournment of the Courts in the Vizagapatam Zillah this year. The Principal Sudder Ameen was at that time invested with certain exclusive special jurisdiction in Small Cause suits in order to relieve the files of the District Moonsiffs.

2. His employment in the Vizagapatam Zillah, during the past year, has done much good. He had disposed of nearly 800 small causes up to 31st December 1868, and had rendered material assistance to the Civil Judge in disposing of appeals. Recently the Civil Judge submitted a report from the Principal Sudder Ameen on the present state of the files of the District Moonsiffs in the Vizagapatam Zillah, and recommended that the Principal Sudder Ameen should be retained for another year. In disposing of these papers the High Court declined to accede to the Civil Judge's suggestions, as they were of opinion that no necessity had been shown, and that if the District Moonsiffs used reasonable diligence to prevent arrears accumulating, their files might be tolerably clear at the end of another year. In consequence of the employment of the temporary Principal Sudder Ameen there are now but few arrears on the file of the Civil Court.

3. The High Court have, however, good reason to doubt whether the judicial business of the Vizagapatam Zillah can ever be satisfactorily administered by, and under, the present Civil Judge. It is not that Mr. Thompson is deficient in application, but unfortunately he has acquired such eccentric and dilatory habits of business that he cannot get through a reasonable amount of work, and the consequence is that suitors and the public suffer.

4. The returns for the calendar year 1867 showed 25 original and six appeal suits decided on the merits as the whole civil work of a year (exclusive of petitions) performed by the Civil Judge. In the calendar year 1868, he decided only 22 original suits, and 37 appeal suits. The criminal work of the Vizagapatam Zillah is not so heavy as to afford any excuse for the above state of things, and the work performed by Mr. Thompson will not bear comparison with that of any other Zillah Judge.

5. Repeated remonstrances and rebukes from the High Court have been ineffectual to check the dilatoriness which characterizes all Mr. Thompson's proceedings, and the High Court regret to observe that the District Moonsiffs are beginning to take advantage of Mr. Thompson's peculiarities to excuse their own shortcomings. Judging from past experience there can be no doubt that if Mr. Thompson continues to preside in this Court heavy arrears will accumulate within the next

Granting, subject to the confirmation of the Government of India, a monthly pension of Rupees 11-8-0 to Sathar Narasinga Rao, late Recorder-keeper in the Civil Court of Vizagapatam.

year or two, and that the necessity of again employing an additional Principal Sudder Ameen will arise. The judicial business in the Vizagapatam Zillah, though not so heavy as it is in some other zillahs, is still of considerable importance, and as there are six (6) District Moonsiffs subordinate to the Civil Court, it requires a Judge possessed of good business habits to keep the files of the Court in a satisfactory condition.

6. In these circumstances the High Court have reluctantly come to the conclusion that it is their imperative duty to recommend Mr. Thompson's being relieved of his onerous duties at Vizagapatam, and appointed to some Court where the work and responsibility are less. I am consequently directed to request that you will bring this representation before His Excellency the Governor in Council for such orders as may be thought necessary.

No. 170.

ORDER THEREON, 12th April 1869, No. 599.

His Excellency the Governor in Council has given effect to the recommendation of the Honorable the Judges of the High Court by appointing Mr. Thompson to the Civil and Session Court of Berhampore, of which the work is less heavy than that of Vizagapatam.

2. With reference to the remarks of the High Court on the delay which is caused to suitors by the dilatory manner in which Mr. Thompson has performed hitherto the duties of his office, His Excellency the Governor in Council feels it his duty to impress on Mr. Thompson the necessity of his correcting the defects which have characterized the administration of justice in the Courts over which he has presided; and to warn him that a continuance of the dilatory system which has elicited the unfavorable notice of the High Court will oblige the Government seriously to consider whether Mr. Thompson should be retained in a responsible position in the public service.

After main work for this last several years of his service has been so bad as is described he can't be induced to a full $\frac{1}{3}$ - I would reduce him out $\frac{1}{4}$ or $\frac{1}{5}$ - but see him the letter here. The main fault is on the Sup. Gov. will comment on the own form WON

ORDER OF GOVERNMENT.

O. No. 274.

the 29th April 1869. The applicant's character during service, appears to have been on the whole, good; though the circumstances about to be noticed seem to show that he was grossly inefficient, during the latter years of his service.

2. The delay in obtaining the medical certificate and in the submission of the register is accounted for by the Civil Judge, in para 4 of his letter to the Examiner of Claims dated 29th April/69, as follows:—

"He was relieved from duty from the 17th June 1867, as he was found unable to perform his duties any longer, but as the Records were in such a state as to prevent charge being given and received in a formal manner, and the Records of no less than 15 pending Appeals

The person in question is certified to have done his whole service of good character but since 1863. he appears to have been inefficient in the discharge of his duties. In 1867. he is found to be quite worn out. He is incapable for duty which he should do in the last 4 years or probably more. Why read cases

the decline of strength. I would not visit it too harshly. The 1/3rd pension is only 11/6. I would let him have it without deduction A.

29 8
Appeals were then missing, I was obliged to postpone taking the necessary steps for his Pension, until he had delivered the greater part of the charge, and to submit his Register now, as he completed it. Hence the medical certificate is dated some time after his retirement.

3. The Government observe that the man should not have been relieved from duty until medically certified to be unfit; and that even had it been necessary to take this step on a sudden, he should have been at once sent for medical examination, and the certificate used or not according to the determination ultimately arrived at regarding the submission of an application for pension in his favour.

4. It appears also from Mr. Thompson's letter, that he had been aware of the applicant's inefficiency and the "wretched way in which he worked for several years," and under these circumstances steps should have been taken to have him pensioned before the state of things described in the Judge's letter came to pass.

5. Having regard to the circumstances under which the applicant was relieved from duty; and his age, 58 years, at that time, His Excellency in Council cannot doubt that ~~at that time~~ ^{then} he was really unfit for further duty. He accordingly resolved to overlook the delays which have occurred, and in consideration of the applicant's 19 years of good service to
