*Proceedings of the Madras Government, Pension Department,
2nd August 1870.*

Read the following papers:—

From the Collector of Malabar, dated 21st June 1869.

Report of the Examiner of Claims, dated — November 1869, No. 1390.

From the Acting Collector of Malabar, dated 23rd February and 14th April 1870,
Nos. 18 and 37.

ORDER THEREON, 2nd August 1870, No. 339.

Kanhiraten Kannu Kurup served in pension grades from 13th April 1831 to 10th June 1848, and then as Karyasten of Chenat Nairs Escheat, having been appointed by Government, but paid from the estate for one year, eleven months, and twenty days. On 1st June 1850 he was made Stamp Goomastah and served on a fixed salary, which was debited to stamp sales, for four years and eighteen days. His subsequent next service in eligible offices, up to 31st October 1869, was fifteen years, one month, and eighteen days, and his whole service to that date, less the ordinary deductions, to thirty-seven years and twelve days.

2. Under the precedents heretofore followed, the applicant's service as Stamp Goomastah should not only be excluded from computation, but constitute a break entailing the forfeiture of his former service.

3. It appears that the Collector in ignorance of the fact that the break above noticed entailed forfeiture of the previous service, submitted an application for a good-service pension; that he had some difficulty in making arrangements for employing the applicant's place as Salt Superintendent at Beypore, and on being informed by the Accountant-General that there was no objection to the retention of the applicant till orders were passed, kept him in office till the 22nd January 1870, when in pursuance of a memorandum, addressed to the Collector on the receipt of the register in the Government office, the applicant was sent for examination and declared unfit for further service; and that, notwithstanding this certificate, the Collector had not been able to relieve the applicant up to the 23rd February.

4. The Government, however, on consideration, are of opinion, that as Kannu Kurup, while Stamp Goomastah, drew a fixed salary, his service in that capacity should not be rejected merely on the ground that the salary was debited, under arrangements of account, to a particular item of imperial revenue. Under the circumstances and with reference to G. O., 9th July 1869, No. 208, His Excellency the Governor in Council is pleased to include the period above referred to, and to grant Kannu Kurup a good-service pension of Rupees (30-8-0) thirty and Annas eight per mensem, under Section 7 of the Revised Pension Rules.

5. The Acting Collector, under the circumstances specified in paragraph 3 supra, requests sanction for the disbursement of the applicant's pay from the 22nd January till the date of his relief from duty. It appears that, at the date of the Collector's letter, the requisite arrangements were complete. The Government are pleased to accede to the Collector's request, and request the Accountant-General to make the pension, above sanctioned, payable from the date on which Kannu Kurup may finally have given over charge.

Kumbhira then Kunnur Kurup served in pension grades from 13th April 1831 till 10th June 1848, 17y. 1m. and 28d. He then served as Kharastan of Chennat Nairs escheats, having been appointed by Government but paid from the proceeds of the estate 7. m. 4. On 1st June 1850 he became Stamp Gunasta, and was paid from the sale proceeds. His service in this capacity cannot count for pension, and under J. C. 23rd May 1866 No 195 constitutes a break which

I think he is entitled to the higher rate of Rs. 30.
J. D. S.

According to the letter of the rules but under all the circumstances I incline for the higher pension of Rs. 30.
M. P.

This is in accordance with practice but no good ground appears for the rule that a man shall not count for service pension service for which he draws a salary which, though fixed and permanent was, under arrangements of account debited to a particular item of

which entails the loss of his previous service. He was entertained on 19th June 1857 as Salt Gunasta, and served till the 31st October 1869 in eligible grade.

His service for pension up to the latter date amounts therefore to 15-1-18.

2. It appears that the Collector in ignorance of the fact that the break above noticed entailed forfeiture of the previous service, submitted an application for a good service pension; that he had some difficulty in making arrangements for supplying the applicant's place as Salt Superintendent at Beypore - and on being informed by the Accountant General that there was no objection to the retention of the applicant till orders were

imperial revenue. This principle was enacted on in G.O. 9th July 1869 No. 208 in which a man was allowed to count a period during which his salary was debited to Akbari revenue.

and ~~entitled to the~~ during this period he had 2m. 25d. leave.

3. The present case is of course different from those of Stamp vendors paid by discount or commission, though special cases have been made even ^{under similar circumstances} regarding them. As Ramur Kurup is entitled to some pension, there seems no reason to treat his claim specially. If his service before he became Stamp Gunasta be included his pension would be Rs 30-8-0 instead of Rs 20-4-0.

were passed, kept him in office till the 22nd January 1870; when pursuant to a memo. random addressed to the Collector on the receipt of the Register in the 4th Office, the applicant was sent for examination and declared unfit for further service; and that notwithstanding this certificate the Collector had not been able to relieve the applicant up to the 23rd Feb.

4. The applicant's service till the 23rd Jan would amount to 15 y. 4 m. 10 d. and under Clause II Section 6 of the Revised Rules he ^{would be} eligible to a pension of Rupees (20-4-0) twenty and Annas four per mensem which H.E. the Governor in Council is pleased to sanction.

specified in paragraph 2
