SIR,

I have the honor to forward for
the favorable consideration of Government the
accompanying letter from the Officer in charge
of the Government Workshop at Dowlaishwarum
and the Petition therein enclosed from Carpenter
Maistry Bootechiab.

I am aware as I am that the Workshop
is a self-supporting Institution, and that the
Pension applied for by the Petitioner cannot
be met from its funds. I would beg to urge
upon Government the very great hardship
that must inevitably fall upon this old
and faithful servant, who after a service
of 35 years in various Departments, in
consequence of his having lost the complete
use of his eye sight, has to be dismissed
from the Workshop, without any thing to
support himself in his old age.

Under the above circumstances,
and

and as in G.O. No 1652 dated 2^o June 1864,
Government were pleased, as a special case
to allow the services of a Mr. Ross employed
in the Dowlaismaram Workshop, to count
for Pension, I beg I may be allowed to forward
the necessary Register of Service with a view
to a Pension being granted the Petitioner.

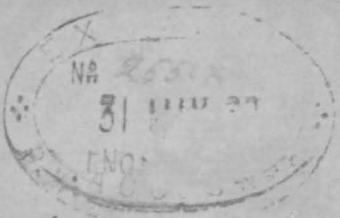

I have the honor to be

Sir,

Your most Obedt. Servant

Sir,

With reference to your Memo
No 472 dated 13th Instant, I have the honor
to forward herewith a revised register of
Service of M. Bootchiah Carpenter Maistry
and in so doing to point out that his Service
in Shop is only 23-6. Other period of Service
vizt. 11-7 has been taken from a Memorandum
given by Bootchiah who states that Hookrooms
and testimonials of his Character had been
destroyed by the heavy freshes in 1849 which
inundated Dowlaiswaram.

Most Honored Sir

With due respect and humble
Submission I most respectfully beg to bring
to your notice my pitiful Case and beg that
you will kindly give it your kind Consideration
That I am an old man and to the best
of my ability I think I have done good service
but I have been very unfortunate in losing
my sight. I am about 60 years of age, out
of which I have served 35 years either in
the Revenue Dept or Public Works Dept; my
first entry into the Dept was under Sub Engineer
Mr Ottomau when he was Revenue Surveyor
and Superintendent on Public buildings
of Travellers Bungalows on the Hyderabad
Road

road up to a hilly frontier. After the completion
of which work I was employed by Col. Dickins
who was the Engineer in the Revenue Deptt,
from whence I was transferred under orders
of Sir Arthur Cotton at the commencement
of the Amnicut work, from which time
I have been receiving a salary from Rs 15
upto my present pay Rs 40, which shows
that I gave satisfaction to my superiors
as they have advanced me in life.
But at present the Almighty having
deprived me of my eye sight I am
unable to procure a livelihood, and
age itself prevents me, and having
served in this department for the period
of 35 years I beg you will give it a
kind consideration and recommend
to Government to get a small pension
so as to prevent me from begging my
bread from door to door having hitherto
lived respectably among ^{the} Native Community
For which act of benevolence I will
ever pray for the welfare of you & family
Yours truly
W. Bootchiah

Until life is lost in a very short

I beg to remain

Rev.

I have the honor to forward a petition for pension from Carpenter Maistry Bootchich he is very old and from having lost his eye sight perfectly useless, he has come here to Madras within last 9 months to the Eye infirmary, but it has done him no good, he is utterly useless in shop. I propose therefore to discharge him from 1st instant, and appoint the 2^d Carpenter Maistry to his place on Rs 30 per Mensem for the present, which would rise to Rs 40 (Bootchich's pay) by annual increments of Rs 1 per Mensem ~~yearly~~.

2 Regarding the pension the man asks for, I cannot find the G. O. on the subject but there is one in your office, which states the Workshop employees are not entitled to pension; this is very hard I think, after many years of service to be thrown on the world penniless in a man's old age. I have therefore the honor to request first-

Your sanction to the Arrangements
proposed in para 1 as Bootchiah has
not worked in Shop for last 6 months
Second - That you will be so good
as lay the Subject of the Man's Claim
to Pension or Gratuity before Government
his Register of Service is in your office

SIR,

As requested in Your Memo
No 140 dated 21st Ultimo, I have the honor
to forward the Register of Machinery in
Boothia's Services, and Copy of a
letter received from the Officer in
Charge of the Government Workshop
at Dowlaiswaram. From the latter
it will be observed that, the Machinery's
Services in the Shop is only 23 Years
and 6 months, and that the documents
accounting for the remaining period
of the Service, as reported in my letter
of the 8th April last No 144, had been
destroyed by the heavy freshes in 1849.
