Memo.
I have previously been asked
and am now of opinion that pensions
& gratuities cannot be claimed
^{right} under the Police Superannuation Funds
for services rendered prior to their
institution. The Funds are intended
to be self-sustaining - and this object
would have been frustrated, if pen-
sions or gratuities were paid out
of them for services which were un-
accompanied by contributions. This
intention may further be gathered
from the calculations attached
to the Draft Rules - On these no paper

nuation fund.

are debited against the Fund, until
the minimum periods of service are
attained.

As however the State has since ab-
sorbed the Fund, the Govt. is com-
petent in special & exceptional
cases to grant pension or gratuity
just as it may do in regard to other
services.

Memo.

1. In ~~an~~ ^{an} application for pension under the U.C.S. rules to a certain man of the ~~the~~ Madras Town Police force whose salary at the time of retirement was upwards of Rs 20, per mensem, service ~~was~~ in the old police prior to 1856 when on the reorganization the Superannuation fund was constituted was claimed for pension. It was argued with reference to the order of the Govt. G. I. R. 7 March 1864 ^{No. 1232} of India which regulates the grant of pension under the U.C.S. rules to such Police Officers that ~~that~~ service ~~as~~ in the old police could not count in as much as it was not rendered in an eligible grade, nor were the applicants, during it, subscribers to a police superannuation fund.

*Vide former memo.

M. S. W.

2. The Hon. Mr. Sim said that if taliaies on R7 & 9 (such an applicant was) were not prior to 1856 entitled to pension, & if, by the rules of the fund, the right to pension originates from the date of subscription & not from the date of admission into the Force; the argument was correct.

3. With reference to the 1st point, taliaies on R7 & R9 were ^{under the rules in force} not eligible to pension prior to 1856. The present applicant entered the old Police in 1849, & till 1857 was under the Rules of 1835. From 1857 till 1856 he was under the rules of 1857, now known as the old rules. Neither of these sets of rules admitted to pension "inferior servants - persons including jemadars & daffadars, lascars &c." A case has been found in India, as a very

29
Special one, certain jemadars of the old town force were admitted to pension in 1853.

4. But further the eligibility contemplated by the Govt. of India in the order cited, is the eligibility under the new rules; and therefore Mr. Sim's question is, I respectfully submit, not material. The eligibility under the new & old rules, happens it is true to coincide, but service for pension is dealt with, not with reference to the rules in force at the time it was rendered, but to them in force at the time the applicant retires. The rules of 1857 are still in force to this extent that applicants for gratuity to whom those rules are more beneficial are allowed to have their whole service treated under them; but a portion of service cannot, it has been declared, be

terated under one set of rules and another portion under another set.

5. For somewhat similar reasons, the Hon. Mr. Sims second question whether under the rules of the Superannuation Fund the right to pension originates from the date of subscription only is also irrelevant. Pension is not claimed under in the case under discussion under the rules of the Superannuation Fund; but under

U.C.S

the new rules of 1864, modified by the resolution of the Govt of India, so as to include service

"as a subscriber to a fund" Therefore, it is immaterial whether such subscription came with it the right, under the fund rules, to include former service as a non subscriber.

6. The question may however I think be answered in the affirmative. Under

Section 18 Act XIV of 1856

the proviso for pension is that "during which the individual shall have been actually employed in the

81/ Police force." The Police force, i.e. the force constituted (quoad futurum) by section 7. The ~~point~~ intention of the Superannuation rules framed under Act XXIV of 1859 is apparently the same, ~~therefore~~

④ "Police Officers, subscribers to the fund, who have completed the" & though the language is somewhat loose, the rule has, except in one case where

⑤ The only copy of the order available is put up with another case. It applies to officers whose service in the police was less than seven but more than 5 years. Such off but who had previous revenue service. The gratuities of such officers were calculated on their whole service, & changed to the Superannuation fund.

The order has now been obtained. It is 23rd May 1866 No 194.

JKP

it has been strained, been construed to exclude service other than as subscriber to a fund. These rules are, it has been held, by Govt., applicable to Town Police men under Act VIII of 1867 (Madras.)

7. The question put by Mr. Sims is of great importance with reference to another class of cases, where police officers of the Madras Town Force, whose pensions are to be regulated by the rules

late
of the Superannuation Fund*
claim service in the old
police prior to 1856, on the
1st Nov. of which year, sub-
scription commenced. With
regard to this class of cases
it has recently been decided,
that so much of the old
service is to be reckoned as
will entitle the applicants
whose service as subscribers
to a fund is necessarily short
of the minimum term for
pension viz: 15 years) to the
minimum rate of pension.
8. But the case now under
discussion is to be dealt
with under the order of the
Govt. of India before cited,
and I submit that its terms
are perfectly clear. It is on
the construction of this order
alone that the claims depend.

* i.e. police officers who
at the time of retirement
draw less than Rs 20 per
month.

* Insp. Genl. memo. 16 Sep. 1870.

For papers connected with
draft of O. 17 Aug. 1870
I have thought it better to
keep back these papers until
the present discussion is
over.

The order was issued pri-
marily as a rough mode of
adjusting liability between
imperial & ~~the~~ Superannuation
subscription funds; and
now that the distinction is
abolished, there would be
reason to revise the order,
were it not that it also
conveniently discriminates
the classes of ^{police} officers ~~who~~
with reference to their
claims for the higher &
lower benefits of the
General U.C.S. pension, & the
Police Superannuation
rules, respectively.

with a view to Mr. Stokes remarks below
it seems equitable to allow so much more
before 1856 to count as with give the
minimum rate of pension. But
to the present claimants who are
unfit for further service.

There is a J. D. S. connexion
with these applications which does
not appear to have been hitherto
noticed, viz whether service in the
old Town Police, as prior to its
organization under Act VIII of 1856
& the creation of the Superannuation
Fund under that Act, shall now be counted
for pension. Under the rules in force
prior to 1856, such persons could only
have been granted gratuities for their
service, and there appears no reason
except that it has hitherto been
admitted, why ^{such service} should be reckoned for pension under the Superannuation
