Sir.
 In reply to your Official Memo of the 17th May last, I have the honor to inform you that the detail of leave required by No. 3 has been already given in the Register of application and that the applicant's name has now been given in full as required by No. 4.

2. As required by No. 6 I have to certify that from the records of the late Zillah Court of Com. - has been it appears that on the 9th March 1839 the applicant and one Subbaramian were

jointly appointed to the three
separate posts of gunastah are a
monthly salary of Rs 21 of which
each was directed to draw half.
On 28th June 1842 the applicant
was ordered to draw Rs 35 out
of the salary of the office of
Criminal Writer whose pay was
ordered to be divided between the
applicant, one Venkattaramaiah
and Ramanna Naik. It would
seem that the applicant's pay
was thereby increased to 14 Rs per
month. The non-mention
of applicant's name in the
Annual Returns in your Office
is I believe owing to the insertion
of the name of only one of the
individuals between whom the
salary of the post was divided.
The applicant's services from

7th March 1839 up to 15th September
1843 do not seem to have been
of a temporary nature.

3. The above remarks are
applicable to No 26, but if you are
not satisfied of the permanent
nature of the applicant's services
for the period above specified,
I shall be prepared to obtain
and forward a Medical Certificate
and so render that period necessary
to enable him to get his pension.

4. The applicant was
first recommended for pension
from the 1st March 1870, but a
reference was made by my
predecessor on the 25th February
to Government as to the pro-
-priety of dispensing with his
services from the 1st March
on the ground of failure of health.

The report was received for review
by our committee till the 1st March
and it was found essential
to the business of the Court that
the applicant should be kept
on till his subpoena arrived, at
which he did not do till the 28th
March. The session must
therefore now commence from
the 28th March 1890.

plication for Superannuation Pen-

behalf of Vitalaiyan, Civil Record

his performance of active service,
I request permission to retire on
the Pension to which he may be
entitled from the 1st proximo.
He has been continuously in the
public service without any break,
and his past character and conduct
have been unexceptionable. I
accordingly recommend his being
allowed to retire from the
Service from the 1st proximo, on
a Pension of \$17-8-0, to which,
under the Rules, he is entitled.

I have the honor to be,

Sir,

Your most obedient servant

1. There is no doubt whatever that the documents A and B are specimens and have been placed into the records after the institution of the suit. Such a thing could not have happened without the concurrence of one or more persons in the Court. After the lengthy enquiry which has been held it still remains uncertain by what side the fraud was committed and I feel it impossible to say exactly when it was committed. There are however circumstances which lead me to the conclusion that it occurred while the records were in the Tanjore District Court and some notice must be taken of the conduct of those functionaries upon whom suspicion rests. A is a copy of one of the original documents and shows that they were in the Tanjore Court in January 1866, a day or 2 before the transfer of the suit to Tanjore. C and D are copies

Referred to the Accountant General for the usual verification.

copy of the duplicate of the original documents put in by the Kakil at the same time as the originals. No Jumnasta in his senses would give a copy of the duplicate if the original were for the winning, and there is therefore some ground for suspecting that even at that time (December 1886) the originals had been made away with. It may also be assumed that the fraud took place before the day fixed for the final hearing of the suits. After that time there would have been less motive for the fraud on either side. The mere abstraction of the original would have been sufficient and there would have been no necessity for the substitution of a forged copy. There is yet another reason. A and B bear no record number. If the true documents had been in such low Court, they would have had their record no endorsed on them, & these would probably have

have been copied on the forged deeds, just as the other Court marks and entries have been. The only alternative is to suppose that the record was carefully smudged & then the suspicion on the Jumnasta's part. In the papers which I have given I think is far more likely that the fraud occurred in the Municipal Court, and if it did it is certain that the Jumnasta who endorsed the record was on the other papers preparatory to sending them to the Record Department of the Court, must have known that the documents were forged. The whole case is involved in mystery and I do not feel justified in saying that I feel certain that the papers were substituted in the Municipal Court. I shall not therefore accuse the Jumnasta, but I shall now file a transfer to another Court and direct that he be never again entrusted with the custody of records. I think he had better be transferred to Mammargudi and in a lower grade than that which he now occupies. 790

as copies of the manuscript must
be kept in case the printer the
printer who was to print the
in the Supreme Court must not
be employed again in any of
the Courts.

2. All the manuscript must be
directed to make arrangements
that either be read & examined
by some other person than the
copyist who prepared them.
After the review I will try to
get sanction in the establishment
of a special reader in each
Court. In my Court for the
present the only way can do the
work and he will receive
the of the examiners fee.

3. As the late Civil Record
Keeper I cannot say that any
particular blame is placed
on him. I do not think that
it would have been possible
for him with the amount of work
he had on his hands to examine
every paper in every bundle
sent him for safe custody &
beyond that he seems to have done
all that there was to do correctly.

do that on 28 March 1870; but his hemion paper
coming before part of our argument that is
sufficient in meaning. This was accordingly called
in. His new hemion is dated 29 Sept. 1870, 18
months after the application to retirement. He is now
58 years of age, & the fact makes it
the thing to accept the certificate.
