*Proceedings of the Madras Government, Public Works Department,
2nd May 1870.*

No. 13. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Bellahoonsy, 17th March 1870, No. 3,558 :—

WITH reference to G. O., No. 275, of 22nd January 1870, of which a copy was sent on the 29th idem for communication to Mr. Howell, and which he appears to have received on or about the 5th February, I have the honour to forward an original letter from Mr. Howell to your address which I have only just received.

2. On referring to the receipt attached to Mr. Howell's letter, and which is signed by his wife, you will observe that the name of the person in whose favour this receipt is granted is T. Palanyandy Pillay ; this is the name of the Head Accountant of the Nundial Range, and there is no mention of the name of " the party who advanced the loan through the Head Accountant," as explained by Mr. Howell.

3. The loan is said to have been contracted on 2nd October 1868, and Mr. Howell states it was not until after a lapse of sometime that it was brought to his knowledge, when he adopted immediate steps for its liquidation. The date of his becoming acquainted with the transaction is not mentioned, but I would beg to inform you that he was at Nundial during February, and April 1869 and yet the loan was not paid off until November 1869.

5. In paragraph 3 Mr. Howell seems to wish to throw the blame on his Head Accountant. This man should, of course, have declined to do anything in the matter, but I think that like most of his class he would be afraid to refuse, believing that he would get bullied and otherwise annoyed if he declined.

From Mr. S. HOWELL, Supervisor to the Secretary to Government, Public Works Department,
dated Cuddapah, 1st March 1870.

WITH reference to G. O. of 22nd January 1870, No. 275, I beg respectfully to submit an explanation called for on the report made by the Superintending Engineer in paragraph 3 of his letter, dated 5th idem, No. 2,868.

2. With regard to my getting a loan of Rupees 200 from the Head Accountant of the Nundial Range while I was in charge in an indirect manner, I beg to state that I was quite ignorant of the transaction, and that it was done without my knowledge, consent, or sanction by my wife, for the benefit of one of her relations who was then in trouble. I find on my referring to my diary of the 2nd October 1868, the date on which the transaction appears to have taken place, that I was away from head-quarters. It was not until after a lapse of sometime that it was brought to my knowledge by the party who advanced the loan through the Head Accountant ; viewing the transaction as an improper one, I adopted immediate steps for its liquidation. I paid the whole myself, as the party for whom it was obtained was not in circumstances to do so, and thus got rid of a transaction which under peculiar circumstances was forced on me.

3. I cannot but regret the circumstance, more so indeed as the Head Accountant who knew the orders of Government regarding monetary transactions should have promoted it himself.

4. It is a matter of deep regret that the Superintending Engineer, who could have obtained the above explanation from me, should have referred the matter for the orders of Government at a time when the question of my continuance in the public service was under consideration.

5. I have spent my health and a good portion of my life in its service. I repudiate the allegation of my complicity in this matter. I enclose the original voucher for Rupees 200 in

*Proceedings of the Madras Government, Public Works Department,
2nd May 1870.*

support of my statement, and I pray that the Government will be pleased, in consideration of all the circumstances connected with my case, to view it with indulgence, and otherwise to extend me that protection and relief for which it is at present so peculiarly and highly distinguished.

No. 14. ORDER THEREON, 2nd May 1870, No. 1,154.

ESTABLISHMENT, No. 2.

On a careful consideration of these papers the Government are of opinion that it is not expedient to retain

Mr. Howell's services, and His Excellency the Governor in Council accordingly resolves to require Mr. Howell to take measures for placing himself on the Pension Establishment within three months from the date on which these orders may be communicated to him, and to direct that, failing in succeeding to do this, Mr. Howell's services be dispensed with at the expiration of the period in question.

Howell, Mr. Supervisor.—Intimating that Mr. Supervisor Howell should place himself on the Pension Establishment; failing which his services are to be dispensed with.

Fort Saint George, Public Works Consultation of 25th November 1856.

No. 11. Read the following letter from Colonel C. E. FABER, Chief Engineer; to the Secretary to Government, D. P. W., dated 23rd October 1856, No. 7479.

SIR,

I have the honor to forward original letters* from the Collector and Civil Engineer in charge of Cuddapah with reference to the proposed transfer of the execution of all Public Works to the Civil Engineer's Department.

2. The Collector is ready to give over the Marahmut Department whenever ordered to do so, but he states that he will not be able to transfer the Hoozoor establishment as it will be absorbed in his Revenue Cutcherry.

3. I am of opinion that Lieutenant Hemery with the aid of two more Assistants in addition to the one he already has will be able to carry on the duties of his division efficiently, as a 1st class District establishment has been sanctioned for that Collectorate.

4. I recommend that in forming his establishment Lieutenant Hemery be permitted to dismiss those persons named in his letter as utterly useless, and that the 1st January next be fixed as the date upon which to assume the whole Executive of the District.

No. 12. ORDER THEREON, No. 2175; dated 19th November 1856.

The Governor in Council sanctions the transfer of the executive duties of the Cuddapah District to the Engineer Department from 1st January 1857. The Divisions proposed by the Civil Engineer as per margin for executive purposes are approved, subject to such modifications which the eventual transfer of any part of the District to Kurnool may render necessary.

2. The Chief Engineer can authorize Lieutenant Hemery, to entertain the establishment entered for him and his subordinates in the Tabular Statement sent up to the Government of India on the 10th Ultimo. Mr. Murray cannot be allowed to incorporate his Hoozoor Marahmut establishment with the Revenue Cutcherry. He must transfer it to the Engineer, and the Chief Engineer will be good enough to inform the Collectors of those Districts in which the transfer of the executive duties to the Engineer has been sanctioned, that they must make over their Marahmut establishment Hoozoor as well as Talook to the Engineer on the date fixed for the transfer, unless the sanction of Government is previously obtained for their retention for any further period to wind up the accounts and close other business connected with the Department.

3. The Civil Engineer brings to notice that certain persons at present employed in the Marahmut Department are utterly useless. After the complete transfer of the Department, Lieutenant Hemery, should from personal observation satisfy himself as to their qualifications and if still found unfit, transfer them to posts of minor importance in which they are likely to be useful, but in case it is not practicable to make any such arrangement he will act according to the rules of the service, and no reference to Government is necessary. In the event of his finding it necessary to remove any persons on the score of old age or inefficiency, he will of course be at liberty to recommend them for pensions or gratuities to which he may consider them entitled according to the rules.

Chief Secretary.

Enclosures. 13.

Sir,

I have the honor with refer-
ence to your Memorandum No. 4
dated 8th (December 1870) to reply as follows
Question No. 2. It has been ascertained from
Mr. Howell, the applicant for pension
himself that he was born on the 9th
(December 1831) and was baptized by
his father who was a Missionary
in connection with the London Mission
Society. Mr. Howell is unable to obtain
the required Certificate as the records
of the Mission are not forthcoming
although he had made several efforts
to obtain them. If there are no objec-
tions Mr. Howell's petition would
doubtless support the statement.

Dated 17th March 1871

By

Enclosure to No. 3
dated above

regarding date of birth or an affidavit
can be obtained from the Applicant.

3. Service from 5th December 1851 Question No. 6.

to 19th June 1852 cannot be proved from
the records in this Office. That Mr.

Stowell was employed during the period
in question under the Revenue Register

Spilgherry Hamaker is to an extent
doubtful, the two original testimonials
of Captains Francis and Reilly which

he submits. Records for the period in
question are also not obtainable from

the Public Works Audit Office but there
can be no doubt that Mr. Stowell

drew his salary ordinarily as a member
of the permanent Establishment as

it is believed that such appointments
as "Clerk of works" were at that time con-

sidered to belong to the regular Establish-
ment as the Bills were audited by the

Civil Auditor. In the absence of
any direct record, — to prove this

Service, it is a question for consideration
as to whether Mr. Stowell should not

be required to produce an affidavit to
enable him to reckon the period of service

in question but I would at the same
time remark that Mr. Stowell in

June 1852 was under 22 years of age
and the period 6 months 16 days is

therefore included in the period desired
under head "total of Service before 22 years
of age" which amounts to 1 year 5 months
5 days.

4. The detail of the Service from 1st Novem-
ber 1854 to 30th April 1857 is given on page

2 of the Application. Of this period, Service
from 1st February 1856 to 30th April 1857 has

been verified in this Office. From testi-
monial dated 28th March 1856 marked

D Mr. W. F. Addis, Assistant Super-
intendent of Public Works, testifies to Mr.

Stowell having been employed under him
as an Overseer. Taking the date of this

testimonial and the period (two years)
Mr. Stowell is said to have been employ-

ed, it is clear that, in the absence of
other direct information, Mr. Stowell's

Service from 1st May 1854 is correctly
stated. The Establishment Bills were

at that time audited by the Civil Auditor
and information ought to be forthcoming

from the records of that Office upon this
point.

Question 7. 5. This is given on page 3 in the
proper place.

Question 11. 6. The manuscript Application
referred to was not submitted by this

Office but appears to have been sent
in by Mr. Stowell direct through the

Public Works Secretariat.

Randoms referred to in para 1 of this
letter. The subsequent delay is due to
having to trace up records and the time
taken in making references for the
disposal of the questions herein referred
to in connection with the case.

Question 27. 11. Applicant, as stated in preceding
para, was under treatment and obser-
vation at Cuddalore and Madras.

Question 28. 12. The order referred to is not for the
coming but the explanation in reference
to the service at the Kilgerry Barracks
is given in paragraph 3 of this letter.

13. A copy of G. O. No. 1154 dated 2nd
May 1870 is forwarded (vide paragraph
10 of this letter).

Question 39. 14. Pending the submission of the
necessary Certificate, an application
for pension could not be submitted.
Copies of Mr. Skewell's letter and this
Office reply are forwarded for informa-
tion. The date of the Medical Certificate
also tends to show that this Office could
not have acted in the matter at the
time Mr. Skewell sent in his appli-
cation.

Question 40. 15. The information is not obtain-
able vide paragraphs 3 and 12 of this

letter. It is believed that the Bills were omitted in the Civil Auditor's Office.

16. In returning the Memorandum under reply together with the enclosures received therewith I have the honor to observe that in the concluding paragraph of his Memo No. 242 dated 10th December 1870 to your address, the Controller Public Works Account remarks that Mr. Russell had 12 months and 22 days leave from between the 1st May 1857 and 14 Augst 1870, whereas the records of this Office show that such leave, with service not reckoning for pension, amounts to only 12 months and 2 days. The difference 20 days is not traceable in this Office and it would be of the utmost importance that this matter should be made explicit by the Controller P. W. Account by the transmission to your Office of a Statement giving details of the leave taken, as deducting these 20 days from the total period of service counting towards pension, Mr. Russell's service would be reduced to 14 years 11 months 18 days and would consequently be entitled to

Side detail
marked

a gratuity only unless treated as a special case for pension.

17. I may here bring to notice that in his Explanation on certain points, Mr. Russell informs that the period from 4th July to 16th August 1861 (1 month 12 days) he was on leave, he drew full pay and therefore claims this period as counting towards service. There are no records to show this to have been other than sick leave vide Notification in Port St. George Gazette for 1861 page 898. A reference to the Civil Auditor's books to clear up this matter seems necessary.

18. Information for passing up his age 14 and 15 has been written for and will be communicated as soon as received.

placing myself on the Pension Establishment.
on this, my services were discontinued until, on
the 15th August/70, when my Service Paper with
Medical Certificate was forwarded to
Govt. I have not heard anything regarding
my Pension up to this time, they that you
will kindly make a reference to the Pension
Report as to the cause of delay in disposing
of my case.

I further beg to state that the delay
in disposing of my case for so long a time
as 11 months and suffering as I am from
impaired sight and not being able to do any
thing for myself, has placed me in great dif-
ficulties, and must therefore beg of you to
request the Committee of Claims to dispose
of my case without any further delay.

I beg to remain

PROCEEDINGS of the MARDAS GOVERNMENT.

Read the following letter papers:
Petition from Mr. S. P. Howell of 10th April 1871.
From the Superintendent Engineer }
3rd Division — } dated 13th March 1871.
From the Offs. Asst. Acct. Genl. — 10th June 1871. 1878.

Order thereon 19th July 1871 1872.

I would give him Rs 1800
in full. He is severely
punished by removal from
the service before his removal for
his wife & so near to N.

B. P. N.

Mr. S. Howell, late
Supervisor, in the D. P. M.,
was directed in G. O. 2nd
May 1870, No 1154 to take
steps, within three months,
to place himself on the
pension establishment
on its appearing that he
had, while in charge of
the Kandial, obtained,
through his wife, a loan
of Rupees 200 from his Head
Accountant.

2

The order was communicated to Mr. Howell on the 15th May, and as no communication had been received from him up to the 15th August 1870, his name was removed from the establishment on that date.

On the 29th August he applied to the Superintending Engineer, but was informed that his services had been dispensed with. On the 26th October he applied to the Secretary to Government, P. M. D., forwarding a medical certificate dated 10th idem. It is certified that he is unfit for further service from impaired vision of the right eye, the result of a debilitated constitution.

3

Under the circumstances of the case, the Government resolve to entertain the application, though preferred subsequent to the date of the order, above cited, and to treat the case as if Mr. Howell had been on leave without pay from the 15th August to the 10th October 1870.

4

Mr. Howell's service commenced in 1851, + Clerk of works, Nedgaharris - 4 - 6 - 16
- do - Government Office - 1 - 5 - 16. but periods as shown in the margin, during which the applicant was under 22 years of age and was in temporary employment, must be excluded. As regards the last item, it would appear that from the 1st November 1854 to the

31st December 1856, he was employed as a temporary overseer in the Budhapah District. This service cannot be verified, owing, it is presumed, to the applicant's salary having, as was the rule in such cases, been included in the estimates of the works on which he was employed. From G. O. 32 January 1857 No 8, P.W.D., it is clear that up to the 1st January 1857 he was on the temporary establishment, his entertainment from that date on the permanent strength of the Department having been then sanctioned.

5. His subsequent qualifying service to 14th August 1870 amounts, after the

the deduction of years 1-12 during which he was on leave, to years 12-7-12, not 13 y. 5 m. 27 d, as reported.

He is, therefore, eligible to a gratuity of 12 months pay or Rupees 1800 under clause 1 section 6 of the Revised Pension Rules,

~~but having regard to his misconduct, the Government do not see fit to grant him more than Rupees 1200, the payment of which is sanctioned.~~
