PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter *Proceedings of Government, Public Works Department, dated 29th August 1871, N^o 2208, - forwarding Petitions from the Head Draughtsman and Moohie of the office of the Consulting Engineer for Irrigation, whose services were dispensed with by reduction of Establishment, in view of their being recommended to the Government of India for a pension.*

Read also the following Memo from the Secretary to Government, Public Works Department, dated 13th September 1871, stating that the salaries of the Draughtsman and Moohie were annually included in the estimate of State outlay on account of the operations of the Madras Irrigation and Canal Co., but that as the former has been re-employed elsewhere, the Moohie's claims to pension, need alone be taken into consideration.

Order thereon 20th September 1871, N^o 466.

The case appears to have been

been one of ordinary reduction of establish-
-ment. An application should be sub-
-mitted in the usual way for such re-
-tiring allowance as the Truckee may be
entitled to.
