No. 101. Read the following letter from the Inspector-General of Police, to the Chief Secretary to Government, Fort St. George, dated Madras, 21st September 1871, No. 6143 (General):—

With reference to paragraph 3 of G. O., No. 335, dated 16th August 1871, I have the honour to forward a letter from the Inspector-General, Indian Medical Department, regarding the arrangements for Annual Invaliding Committees at such stations as are only visited by Deputy Inspectors-General of Hospitals biennially.

2. It appears that the Deputy Inspector-General of Hospitals only visits the Centre Division and Northern District every alternate year. Thus, the Annual Committee ordered by Government could not be formed under this arrangement. The Acting Inspector-General now proposes that, at the stations which are only visited biennially by the Deputy Inspector-General, a Medical Officer from neighbouring stations shall be brought in to join the Annual Committee in each alternate year. A special arrangement is proposed for St. Thomas' Mount. I request sanction to these measures should they meet the approval of Government.

3. With reference to paragraph 2 of the above G. O., I think that a half-yearly Committee in stations where there are two resident Medical Officers will amply suffice.

From the Acting Inspector-General, Indian Medical Department, to the Inspector-General of Police, dated Fort St. George, 13th September 1871, No. 4843.

In reply to your letter, No. 5770, of 4th September, and with reference to paragraph 3 of G.O., No. 335, of 16th August 1871, I have the honour to inform you that Annual Medical Invaliding Committees, presided over by a Deputy Inspector-General of Hospitals, can be assembled in each of the marginal stations.

Cuddapah.	Salem.
Kurnool.	Calicut.
Coimbatore.	Mangalore.
Madura.	Cuddalore.
Tanjore.	

2. At St. Thomas' Mount, a Committee can be convened from time to time, as required, by giving a week's warning to this office, as it is within easy distance of Madras, and the Deputy Inspector-General can proceed there when there are any men to be invalided.

3. With reference to stations in the Presidency and Northern Divisions, at each of which there is but one Medical Officer, and which are only visited once in two years by the Deputy Inspector-General, Committees of two Commissioned Officers may be formed at these each alternate year by sending in officers from neighbouring stations. Thus, a Medical Officer from Vellore or Madras may proceed to Chittoor, one from Madras may proceed to Nellore, the Civil Surgeon of Guntoor may be present at Masulipatam, and the Civil Surgeon of Cocanada may be associated with the local officer at Rajahmundry. This, however, would entail travelling expenses for the officers going and returning; and, should the arrangement meet with your approval, I have to request that you will make the necessary application to Government.

4. With reference to the latter part of paragraph 2 of your letter, I beg to inform you that, for some years past, there has been but one Medical Officer at Mangalore.

No. 102. ORDER THEREON, 29th September 1871, No. 1351.

The arrangements proposed by the Inspector-General of Police and the Acting Inspector-General, Indian Medical Department, for Police Invaliding Committees are approved.
