J. M. Isaacsony Pillay, Ag. Lillak Surgeon,
of Cuddapah, do hereby certify that I have carefully
examined B. Theepathy Row, 2^d Class Revenue
Inspector of Porlicendula Taluk, that his age
is by his own statement 60 years, and by appearance
about the same, and that I find him to be unfit
for further service, from old age and infirmity,
not, in my opinion, attributable to intemperance
or other irregular habits.

In obedience to the instructions
conveyed in the Proceedings of Government,

a Gomastah in the Sub Collector's Office was, in common with others connected with that office, called upon by Mr. Storr to produce his horoscope or make a declaration regarding his age.

2 In compliance with this requisition he appears to have produced his horoscope, from which it was discovered that he was born on 5th April 1826, and his age was therefore entered as 43 years, 5 months and 26 days on the 1st October 1869 in the Register submitted to this office.

3 The Acting Sub Collector now reports that he did not personally see or examine the horoscope in question; that his late Sheristadar and one of his clerks prepared the Register alluded to above, and that from enquiries made of the latter there seems no doubt that it was produced, the applicant's age having been computed from it. It appears that this document was subsequently returned to Shepathi Row, and that it is not now forthcoming in the records of the Sub Collector's catchment.

Memorandum

In this case the first question is whether the applicant's age at the time of his application, was 44 or 60. The former hypothesis is supported by an entry in the Register of the ages of the collector's subordinates drawn up in October 1869 made, according to the Sub-Collector Miristidar, on the strength of a horoscope produced by the applicant himself. In a petition to Government, the applicant states that, when the Register was drawn up he gave his age as 43 "by oversight & inadvertently". It seems highly probable that he understated his age for an object either to evade the

to believe that he was fit

The Tillak Surgeon in
certifying that the ap-
plicant was unfit for further
service, stated that his
age was, both by his own
statement & by his appearance
60. The collector confirms
this conclusion so far as it
is drawn from the appli-
cant's appearance. He
himself now represents
that he is 56 & denies
that he ever told the Tillak
Surgeon that he was 60
