Nabbee Sahib late Deputy Jailor of the District Jail Coimbatore solemnly affirms before me Henry Robert Grimes Superintendent of Jails Coimbatore, that during the two years of which there is no record in the District Jail books of his services, that he was employed -

1st In superintending for one year a gang of Convicts who were employed building a bridge over the Sengunoor river near Coimbatore and during that time he received his pay from the Collectors Office -

2dly On completion of this work - he was transferred to Palghaut Jail where he superintended the work of the Convicts on the roads - after a year he was transferred to the District Jail Coimbatore.

Henry R Grimes
Superintendent of Jails
Coimbatore

January 17th 1872.

Hossein Shireff late a Warder in the District Jail at Coimbatore solemnly affirms before me Henry Robert Grimes Superintendent of Jails Coimbatore that: to the best of his recollection, he was only suspended for three months during the period that Mr Harris the Judge of Coimbatore had charge of the Jail - the cause of such suspension being that he allowed some of the Convicts under his charge to quarrel whilst at work - with this exception he was employed as a Warder for fourteen years seven months and one day -

DCE

Proceedings of Government, Judicial Department 12th Apl/70.

Read the letter from Lieut. Colonel W. J. Wilson, Inspector General of Jails, to the Chief Secretary to Govt. Fort St. George, dated Madras, 17th March 1870 No. 228.

I have the honor to submit a proposal for converting into a District Jail at a moderate outlay, the two blocks of buildings at the Coimbatore Central Jail, which were designed for general latrines. It was intended that the Coimbatore Central Jail should, like that at Salem, be used for the reception of Prisoners of all classes, but the available accommodation is neither sufficient nor suitable for such a purpose, and it is obvious that any arrangement of the kind ought to be avoided if possible. The present District Jail is situated in the middle of the Town, and although it has been much improved during the last three years by removing useless buildings and by increasing the ventilation of those which remain, it is old, and will soon require to be repaired.

2 The two blocks, which it is proposed to convert into a District Jail, stand in an enclosure

enclosure on the south of the Central Jail, two sides of the enclosure being composed of walls, and the other two of palisading. The two buildings are of the same size viz; 232 feet long, and 35 feet broad. The roof is supported on two rows of pillars on each side, the inner row being eleven feet high and the outer 6 feet high; the space between them is six feet wide and will form a good verandah all round. The width between the inner lines of pillars is seventeen feet and the height from the floor to the ridge of the roof is nineteen and a half feet; at distances varying from 33 to 38 feet in the length of the building there are entrances on both sides. Cross walls should be built at those points and the spaces between the inner rows of pillars should be closed by walls reaching to the roof. By this means six wards of the following dimensions will be obtained in each block, viz; —

Two Wards measuring 38¾ X 17 feet
Two do do 34 X 17 "
Two Wards measuring 33 X 17 feet.

The two first wards will contain seventeen persons with an allowance of forty superficial, and 600 C. ft. to each, and the remaining four wards fourteen persons each with the same allowance of space. Each block will thus accommodate ninety persons, giving a total of 180, which will amply suffice for the end in view. The lateral ventilation proposed is by one iron barred door, and six iron barred windows in each ward. Ridge ventilation will be provided along the whole length of the roof, and further ventilation may be given if necessary by opening a window in each of the eight gable ends, and in the cross walls if required. One cistern in each end ward can be converted into a night convenience, and the materials of the remaining cisterns can be used for constructing similar conveniences in the Central Wards. The stone of which the screen walls and the troughs are composed can be used for the side walls and the cross walls can be built in pisé work.

3 A small cook room, measuring twenty-two by ten feet with stoves similar to those used in the Bangalore Central Jail will be wanted; also a small latrine.

The

The outlay in money is estimated at Rs. " 3693-3-6. This sum includes the cost of roofing a general dry earth store, the walls of which were built in pisé work by the prisoners sometime ago. This expense, viz., Rs. 370 must ultimately have been incurred account of the Central Jail without reference to the present proposal. The estimate also includes the cost of roofing the small latrines and dry-earth rooms in the compartments of the Central Jail. Owing to circumstances the two latrine blocks have never been used as such, and the small privies above referred to, have answered the purpose perfectly; indeed, by using them there is a gain in point of time, so that in giving up a general latrine no inconvenience will be felt at the Central Jail.

4 It is proposed that all the alterations recommended should be carried out by convict labour under the direction of the Superintendent. Every thing inclusive of doors, windows, and Iron work can be done in the Jail.

5 The particulars of Expenditure are estimated as follows:—

Conversion

Conversion of the two blocks into Wards Rs.	2670-"-"
Roofing &c. dry earth store	370-"-"
Do — Do — Cook room	184-"-"
Do small latrine, dry earth room and provision room in seven compartments at the Central Jail @ Rs 67-0-6 per compartment	469-3-
Total Rs.	3693-3-6.

I have been given to understand that when wood is obtained from the forest Department for the use of other branches of the public service no payment is made in cash, and if such is the case the outlay will be reduced.

6. The advantages of the proposition are—

I The provision, at a moderate cost, of a District Jail infinitely superior to the buildings at present occupied as such.

II Increased convenience and efficiency as to supervision; the Superintendent being on the spot.

III An annual saving of Rs. 2112 in the cost of establishment as shown below:—

Existing Establishment

1 Jailor	Rs. 75
1 Deputy Jailor	20
Carried over Rs	95

Brought over Rs	95 " "
1 Clerk	35
1 Dresser	40
1 Hd. Warder	9
6 Warders @ Rs 8	48
2 do @ 7	14
Total	241

Of this establishment it will be necessary to retain,

1 Clerk	Rs. 35
2 Warders @ Rs. 8	" 16
2 do @ 7	" 14
Total	65

The saving will be Rs. 176 per mensem, or Rs. 2112 per annum.

IV A diminution in the number of Police Guard

7 The present buildings in the Town being conveniently situated for a market may possibly be purchased by the Municipality for that purpose. Mr. Grimes, the Superintendent of Jails, values the buildings and land at about Rs. 10,000

8. When I examined the buildings and enclosure in November last with reference to the present scheme, I was of opinion that the area ought to be extended by

by throwing down the back wall and rebuilding it at a greater distance, but the Superintendent thinks that this will not be necessary as the number of prisoners within the enclosure during the day is not likely to exceed twenty inclusive of Scavengers & Cooks. However any extention found to be required can easily be made hereafter by building walls of concrete at a proper distance, and afterwards removing the existing wall. As the buildings will be secure and easily guarded I do not advocate the substitution of walls for the palisading at each end of the enclosure.

9 Four estimates are enclosed, also a ground plan of the blocks and enclosure with an explanatory note.

No. 32 Order thereon 12th April 1870. No. 512

The Government approve of the proposal contained in the letter from the Inspector General of Jails, for converting certain buildings in the Central Jail at Coimbatore into Convict Wards at a cost of Rs. 3693-3-6 by which an annual saving of Rs. 2112 will be effected consequent on the discontinuance of the present District Jail Establishment.

2 Colonel Wilson's letter and estimates will

will be referred to the Department Public Works, with a view to the required funds being placed, at as early a date as possible, at the disposal of the Superintendent of the Coimbatore Jail, under whose direction the alterations will be made.

3 The Acting Collector of Coimbatore will ascertain and report upon the best means of disposing of the present District Jail Buildings and site as soon as it is vacated by the prisoners.
