Cons Engr for Railways.

To

The Chief Secretary to Government
Fort Saint George.

Sir,

I have the honour to
submit an application for pension
from C. Veeraragavoolos Naider, an
Accountant in this office. The
application is supported by a
Medical certificate.

2

The accompanying register
shows that the applicant's services

have

Recd 6/1/12

have extended over a period of 25 years 11 months and 8 days, but of this only 24 years 3 months and 10 days reckon as service for pension.

3 According to the strict reading of the rule the applicant is entitled to receive a pension at the rate of one-third of the average salary drawn by him during the last five years of his service, namely, Rs 33.5.4; but, taking into consideration the good service he has done, - the fact that in less than nine months he would have become entitled to pension

at

at the higher rate, - and the medical Officer's testimony that his unfitness for further service is not attributable to intemperance or other irregular habits, - I beg to recommend that, as a special case, he be allowed to receive the rate of pension to which he would have become entitled after 25 years' service, namely, Rs 50.

44 The register will show that, in addition to the 24 years 3 months and 10 days which count for pension, he served Government for 1 year and 25 days while

2. The Consulting Engineer claims for the Applicant 24 years 3 months and 10 days qualifying Service, and recommends that, as a special case, a pension of Rs 50 or a moiety of his salary, be granted on the ground that his service falls short of the period which would entitle him to that rate of pension by a few months only, and in consideration of his having served Government for an additional period of 1 year and 25 days whilst under 22 years of age.
